Q15 What is your primary concern with the proposal to remove on-street overnight parking?

Answered: 911 Skipped: 505

#	RESPONSES	DATE
1	There already is not enough parking, so why remove overnight parking?	10/6/2025 9:24 PM
2	Some of the older homes in our area do not have ample parking on the property. If you have guests/family over, it is difficult to find enough parking.	10/6/2025 7:54 PM
3	Drunk drivers wanting to move there car	10/6/2025 5:35 PM
4	Greater restriction of homeowners and their guests.	10/6/2025 4:49 PM
5	There is sufficient street width to accomodate parked cars. Many residents are unable to fit all of their cars in the driveway by no fault of their own.	10/6/2025 4:35 PM
6	I own a house in one of the areas under consideration for street parking regulations (Southside) and have family living in the house owned. I and other family members visit regularly (and many times stay overnight at) the house and we park on the street so not to interfere with those living in the house. In addition, out of town friends often visit overnight and park on the street as well.	10/6/2025 4:04 PM
7	Most people on my street don't have enough space for each person who pays rent to park in their driveway. They would have no where else to park their car.	10/6/2025 3:48 PM
8	This seems unlawful and I do not understand where family members/friends who visit, especially on the weekends, are supposed to park. We rarely park on the street as we have enough driveway parking, however, our home often has weekend guests. Where are they supposed to park? How can you not allow people to visit a home without a place to park?? This is a ridiculous proposal. We often have siblings and parents and friends come visit and stay a night or two. Not allowing them to park on a street is unheard of. Every other home we've lived at in any neighborhood allows guests to park on the street. I've NEVER seen it be illegal to park in front of a home that you own. This is a huge concern for the citizens.	10/6/2025 3:46 PM
9	First responder access I can't think of any town that allows streets clogged like College Station.	10/6/2025 3:46 PM
10	It punishes residents that continue to reside in these neighborhoods despite the changes taking place here. When our kids or family friends are in town visiting, there's not enough room in our driveway for everyone to park.	10/6/2025 3:11 PM
11	Parking for temporary overflow guests.	10/6/2025 3:09 PM
12	Parking for residents of houses, that do not have adequate space. Creates danger if parking is done elsewhere with residents having to walk ling distances/cross streets.	10/6/2025 2:48 PM
13	The problems can be solved by going to one side of street parking. No overnight parking is overkill for a problem that is easily addressed and works well on current streets (Village Dr)	10/6/2025 12:38 PM
14	This doesn't seem like an issue in the first place. I can easily drive through the neighborhood, it seems clear that this is another attempt to disenfranchise college students from living in these neighborhoods.	10/6/2025 12:01 PM

16	Rights belonging to NY property	10/6/2025 11:20 AM
17	Emergency Access 911	10/6/2025 10:09 AM
18	We have visitors and there's nowhere for them to park, most streets are "no parking anytime" already	10/6/2025 9:35 AM

Overnight Street Parking Feedback: Eastgate and Southside

19	Some circumstances may require overnight parking on as-needed basis (example: moving trailer).	10/6/2025 8:43 AM
20	I think y'all are trying to punish college students	10/6/2025 6:48 AM
21	Residents parking in front of their own house should be allowed	10/5/2025 10:43 PM
22	Some homes in the neighborhood are small with single driveway. If there are three drivers, then one would have to park on street. Permits could be issued for residents if not enough driveway space for up to four cars. If there is enough driveway space then cars should be required to park on driveway.	10/5/2025 10:02 PM
23	1. City resources better used elsewhere —can think of SO many examples!! 2. Property owners still love here!!...freedom/enjoyment of social life /guest use	10/5/2025 9:03 PM
24	That the cars will just be moved to larger driveways or concrete strips in the front yard.	10/5/2025 8:45 PM
25	There is no crowding in this area. I live on Milner Drive, and there is plenty of room for cars to park, even when someone has an event at their house. We regularly park on the street. No one who parks on the street is a nuisance in any way and there is no reason to remove any cars.	10/5/2025 5:44 PM
26	So many concerns and problems. We purchased this home assuming we would be able to park some of our cars (children's vehicles) on the street. It seems that this potential new regulation is to be out in place to correct for lack of oversight by zoning on the massive stealth dorms. Why don't you stop allowing those to be built rather than punishing the homeowners of appropriate sized homes on these lots. Where shall our out of town family park when they come to visit? Also, if you are trying to curb the student parking problem in these stealth dorms, you are just going to push kids I to their card late at night to live their cars potentially after drinking bc they can't afford the \$300+ tow fine/ticket charge.	10/5/2025 2:12 PM
27	Primary concern is that it is not restrictive enough and won't be enforced. We have two homes on our street that have become a nuisance with street parking. One is a rental house that has become a base for fraternity parties and the other is an air bnb. Both regularly have excessive number of cars on the street and driveways full.	10/5/2025 1:35 PM
28	Our home is on Walton with bike & pedestrian lane. Parked cars in these lanes push bikers and walkers onto Walton where people drive 40 mph. We have traffic all the time.	10/5/2025 9:54 AM
29	No concern, as there should be enough off-street parking for residents without clogging up streets.	10/5/2025 8:48 AM
30	On miler street I can't get in my driveway and the students park on both sides of the road . If we had an emergency the ambulance could not get through !!	10/5/2025 6:25 AM
31	lack of enforcement	10/4/2025 3:00 PM
32	Driving my children to school is unsafe, multiple large vehicles on narrow streets make it hard to navigate during rush hours	10/4/2025 11:43 AM
33	Living in a house for overflow parking, unlike student housing that would tow visitors.	10/4/2025 10:57 AM
34	Lack of flexibility	10/4/2025 10:52 AM
35	Because the city created some of these problems with Ag Pads, and to remove on-street overnight could burden regular 3 bedroom, 2 bath residence. I have 3 driving kids in addition to my wife and I. Incredible injustice as a property owner to create new ordinance that would not allow us to park in front of our house or for the kids grandparents be able to visit.	10/4/2025 1:17 AM
36	That the loud parties will end early and I won't wake up with strange cars parked in front of my house or maybe strange people passed out in my front yard.	10/4/2025 12:14 AM
37	Being able to park in front of my house	10/3/2025 5:30 PM
38	Where do family with multiple children with driving age going to park?	10/3/2025 4:02 PM
39	I support the proposal without any concerns.	10/3/2025 3:45 PM
40	I'm concerned that the removal of overnight parking would make it hard to have out of town visitors stay the night, especially family. I would see this issue come up during the holidays.	10/3/2025 3:44 PM
41	No place for guests to park	10/3/2025 2:44 PM

Overnight Street Parking Feedback: Eastgate and Southside

42	our street is very wide yet only allows parking on one side of the street, which we support fully as there is still plenty of room for both sides of traffic to pass with no issues	10/3/2025 2:38 PM
43	How will my overnight visitors be affected by this change as we often have overnight guests that need to park on the street	10/3/2025 2:09 PM
44	I'm concerned about not being able to spend the night at my friends' house if I've been drinking.	10/3/2025 1:35 PM
45	Guests and or residents residing in properties inconvenience	10/3/2025 12:41 PM
46	It does nothing to address actual parking concerns. Mail, trash and emergency vehicle access are not impacted overnight. This is simply a way to fly under the radar and continue to illegally enforce occupancy restrictions.	10/3/2025 12:28 PM
47	We have children and guests that come to visit and need to park on the street from time to time	10/3/2025 12:04 PM
48	As a property owner we have family that comes in for games weekends, etc. We should not be punished for what the city has created with all the on street parking. We should be able to have family and friends stay over night when we want. The city should have stopped houses being built without the capability of parking for the residents. Yes, something needs to be done about all the rentals and parking issues they create but that is not fair for the homeowners that live in these areas. I have a house across the street from us that causes all kinds of issues with parties and parking that should have been corrected years ago and the city never did anything about it.	10/3/2025 11:53 AM
49	We need to park on the street	10/3/2025 9:24 AM
50	There are not enough parking spaces for everyone to park in the drive way, and if a friend or family member comes in town the only place there is to park is in the street. Towing people would mean there is no where close for them to park and be a massive inconvenience for us.	10/3/2025 9:11 AM
51	my primary concern for removing overnight parking in our area is for the residents	10/3/2025 8:47 AM
52	We live in a car dependent society. We need to provide plentiful parking if we don't want to overhaul/improve public transportation infrastructure substantively. We should provide more parking options, not less.	10/3/2025 8:37 AM
53	That you're making living in college station even more inaccessible for folks that want to live here especially families and young people - who drive our community and economy.	10/3/2025 8:21 AM
54	Overnight parking is not a concern in my area at all. I am usually asleep overnight so I have zero problem with cars being parked overnight. When I have needed to drive down my street late at night and there are cars parked on it, It encourages me to go slower and be even more cautious as a driver, which I think is a good thing on the streets. I think having law-enforcement write parking Tickets is essentially turning them into meter maids, which I can guarantee they did not sign up for. The street is public property and should be able to be used by all. this policy proposal is one of the reasons people do not trust and have major disdain for local government.	10/3/2025 7:54 AM
55	Street parking prevents emergency vehicles from responding to calls	10/3/2025 7:20 AM
56	The Middle Housing zoning is intended for density and must have street parking, thought it should only be on one side (i.e., Lemon Tree, West Park). The Southside NCO and all subdivisions that obtained the ROO should be uniformly restricted. Other areas should be assessed individually and with local input.	10/3/2025 7:11 AM
57	streets are too congested, therefore could facilitate unsafe conditions (crime, theft, wrecks, etc)	10/3/2025 6:58 AM
58	As a homeowner, living in our Homestead, I would like to have the ability to have my transportation identified - associated with our Homestead.	10/3/2025 6:46 AM
59	An activist government. The State batted down "no more than four," now CoCS comes up with this? --- it seems like the same ideas and "go get 'em" sentiments, recycled into a new plan to use tow trucks until the state rules on that too.	10/3/2025 12:08 AM
60	People not having enough room in their driveway to park their car or having constante problems of other household members bloc king their car in	10/2/2025 11:16 PM

Overnight Street Parking Feedback: Eastgate and Southside

61	We don't have room for guests to park anywhere. It will lead to unsafe parking elsewhere in order to not be towed and girls and young college students walking far at night	10/2/2025 11:11 PM
62	My family comes and visits almost every weekend and we can not fit the cars in our driveway. This would be very disappointing.	10/2/2025 10:51 PM
63	There is no reason to remove parking on the streets in Eastgate.	10/2/2025 10:47 PM
64	I would like it blocked all day every day	10/2/2025 10:47 PM
65	I consistently have friends and family over overnight. I also have several cars in my driveway and 100% need the overnight parking to host guests.	10/2/2025 10:42 PM
66	None	10/2/2025 10:17 PM

68	The fact that all residents will have occasional visitors that may not be able to park onsite. normally this would not be overnight but sometimes it might.	10/2/2025 9:30 PM
69	Residents, as well as visiting family and friends of residents will not have a place to park.	10/2/2025 9:25 PM
70	It is purposefully punitive to the residents of the area with legal occupancy levels	10/2/2025 8:48 PM
71	My adult children, living in Dallas, visit for holidays and one or two football games. They park overnight maybe 10 times a year. I would like to register cars to park overnight for them to visit. Or something so they can visit and park overnight a few nights a year.	10/2/2025 8:41 PM
72	My biggest concern is that all street parking will be taking away. Also, I live south of Holliman st. and overnight street parking is not a problem	10/2/2025 8:31 PM
73	Recent state legislative changes to occupancy restrictions allow more people to live in these very popular areas, and there is not enough parking to accommodate residents without on street parking. This could result in property values declining.	10/2/2025 8:16 PM
74	Over reach	10/2/2025 8:15 PM
75	You need a way to enforce it that is easy and allows all people who live in the area to have a place to park	10/2/2025 8:12 PM
76	We recently purchased our home off of Redmond for our family. We can only accommodate two cars in our narrow driveway. We were not concerned with this setup as our children could park on the street in front of our home. This will force us to consider changing the parking layout of our driveway at great expense and I am also sure the city will have all sorts of problems with us changing our driveway. What about family in for a visit? Where are they to park overnight? This is one of the more short sighted plans I have seen come out of a city government. I understand the city has a problem with large homes that don't provide enough parking for their tenants but you are not penalizing families. On our street, you can only park on certain sides and it seems to work fine. I don't understand why our area needs to have this overlay? If this goes through, I would at a minimum hope for not interference from the city on adjusting driveways. This is a bad short sighted idea.	10/2/2025 7:25 PM
77	When people are parked on both sides of the street and on either side of your driveway, as they often do for large parties, it is impissible to get out of your driveway. If guests were parked in my driveway they couldn't leave. Plus it is a danger if there is a fire or emergency because those vehicles have trouble getting down the street.	10/2/2025 7:14 PM
78	It's not safe as the streets are too narrow	10/2/2025 7:04 PM

85	students driving impaired in the middle of the night; seems like a no slumber parties allowed near campus Draconian measure; these are public streets - remove it 24 hours or don't mess with it	10/2/2025 5:03 PM
86	Public right of way, why are you trying to eliminate that?	10/2/2025 4:52 PM
87	It doesn't allow for anyone in those neighborhoods to host overnight guests. It seems a bit controlling to mandate this	10/2/2025 4:44 PM
88	It is a reaction to the new state law, and is a thinly veiled attempt to limit occupancy.	10/2/2025 4:41 PM
89	If the concerns are truly safety issues and trash and garbage / EMS and access for mail delivery, then restricting parking overnight will not solve those problems. Trash is not picked up in the middle of the night and mail is not delivered in the middle of the night. Very little fire and EMS activity in the middle of the night. To be more fair, restrict parking on one side in all areas.	10/2/2025 4:19 PM
90	Violation of rights. I pay taxes and should be able to use the street outside my house as I please	10/2/2025 4:08 PM
91	I think it's a great idea all around and will deter crime.	10/2/2025 4:05 PM
92	Overcomplicating things for no reason. Old houses without enough parking. This isn't good for older residents or college students.	10/2/2025 3:59 PM
93	Where are residents intended to park? most driveways in the intended zone are built for one or two cars? The reasoning I'd heard most loudly was the interruption of city services... but what city services are being performed overnight? not the mail, not waste, not street sweeping.... Why cloud the city code with more/denser code restrictions if we can't enforce the current restrictions? With regard to students that live in the area... If they've had too much to drink and decide to leave their cars, aren't we only begging for a larger problem by threatening towing and forcing them to drive drunk? What would be the cost of signage and ensuing overnight code enforcement work hours in order to effectuate the new codes?	10/2/2025 3:49 PM
94	People will not have room for guest. This is also another attempt to control the students in the areas that are less than a mile from campus. One of the biggest universities in the country. Our town is called COLLEGE Station	10/2/2025 3:47 PM
95	Where would tenants who don't have enough driveway space have to park if the driveway isn't an option?	10/2/2025 3:40 PM
96	The streets are just way too overcrowded and makes for unsafe roads.	10/2/2025 3:39 PM
97	There are many families in the area that have multiple children with car and only 2 car driveways. Street parking is a must have.	10/2/2025 3:39 PM
98	I have no concerns with the removal - it needs to be done. Or as an alternative - have on-street parking permanently on only one side of the street.	10/2/2025 3:39 PM
99	Government overreach - Mandates without funding a solution.	10/2/2025 3:38 PM
100	We don't need municipal oversight on this matter.	10/2/2025 3:37 PM
101	The City Council is trying to subvert the ruling on the City's illegal law that was just reversed.	10/2/2025 3:34 PM
102	If this policy is truly intended to address infrastructure load, public safety, and permanent parking concerns, the current proposal to remove overnight parking is a misguided approach that fails to achieve those objectives. Many students park during the day and then walk, bike, or use scooters to campus. Removing overnight parking does nothing to solve that issue—it simply targets a time when traffic is minimal and public safety concerns are lowest. It also fails to address the underlying problem: lack of accessible and affordable student transportation and parking solutions. Moreover, this policy disproportionately affects students, who make up the overwhelming majority of residents within the proposed 1-mile radius of the university. While there are long-term residents in these neighborhoods, they are a small minority compared to the student population. Implementing this change in such a concentrated area gives the appearance—and effect—of targeting students, whether intentional or not. This raises serious concerns about equity and fairness. The university is a central economic driver in College Station, attracting students, visitors, and revenue through events, tourism, and	10/2/2025 2:56 PM

academic programs. Creating a hostile or unwelcoming environment for students and visitors undermines the long-term health and vibrancy of the city. This policy echoes the impact of the controversial "No More Than Four" ordinance. Many see this as yet another step in the same direction, toward policies that restrict student life rather than support it. If the goal is to make College Station a better place for all residents, then collaboration and thoughtful, inclusive policy design must be prioritized.

103	No issues with removing overnight parking.	10/2/2025 2:53 PM
104	My concern is that it will be enforced. We already know that the number of unrelated tenants isn't being enforced.	10/2/2025 2:16 PM
105	With two teenagers in the house, we sometimes need one of them to park on the street to reduce the need to shuffle cars for work in the morning. We also have a small trailer that is currently parked in the driveway so there are only 3 spaces for our 4 cars.	10/2/2025 2:03 PM
106	That it will never be implemented, and probably not be enforced. My other concern is where the cars will park. I notice that on a street near me there are vehicles already parking on the grass. This could create a fire hazard since rain is lacking.	10/2/2025 1:50 PM
107	My residence has more vehicles than can fit into our driveway, whenever all of the vehicles owned by the house are home. If an overnight parking ban was implemented we would have to find another place in college station to park, which is difficult as most parking lots near southgate tow already.	10/2/2025 1:43 PM

114	It doesn't address parking during the day when residents need it. And, it prevents residents and their visitors or guest from being able to park in front of their own homes during the prohibited hours. At the very least, there should be areas reserved for residents, which could be acheived by permits for property owners or license plate registration for home owners.	10/2/2025 11:13 AM
115	I would expect several of my neighbors would have to pave parts of their yard	10/2/2025 11:02 AM
116	There will be nowhere for visitors to park, and parking in this area is already extremely difficult.	10/2/2025 10:54 AM
117	Outcry from those who would oppose it and who would compensate by pouring more concrete for parking on their property. I think there should be stronger limitations on areas near campus, as what I have seen is there is less and less permeable surfaces, which has ramifications for flooding and increasing heat in our area.	10/2/2025 10:52 AM
118	It will almost certainly promote driving under the influence and unsafe driving. Additionally, members of my household park on the street due to limited property space (it can work, but it would be really tight and it is 100% safer for one of us to be on the street). We have never had an issue with the car parked on the street.	10/2/2025 10:42 AM

125	My concern is that city leaders are trying to pull a fast one on its citizens since they're not allowed to enforce housing limits. 169	The area of Eastgate being considered for overnight parking does not address the concerning amount of parking currently being used next to the sorority houses on University Oaks Blvd. It also disadvantages residents who reliably park on the street due to renovations, repairs, or disasters that cause their normal driveways to be unusable.	10/1/2025 4:07 PM
170	This is a college town. More people live in most houses than they have spots in a driveway. Lots of people rely on overnight street parking. Also, if overnight parking were removed, it could make the roads more dangerous. People need to feel safe enough leaving their car overnight, rather than drinking and driving to get home.	10/1/2025 4:07 PM
171	Not being able to have friends stay the night if necessary. Or be able to leave their cars if they have had to much to drink which would lead to more drunk driving.	10/1/2025 4:06 PM

173	It would heavily inconvenience a lot of people and there is no real reason to do so besides greed from the city	10/1/2025 3:49 PM
174	In these neighborhood areas, it should be allowed for the residents and guests of residents to park in the street 24/7. Overnight Street Parking Feedback: Eastgate and Southside

178	There is not enough parking as it is!	10/1/2025 3:20 PM
179	I think it is long overdue. Southside is not even on a tipping point anymore. I think it will begin to decline because the City has done *nothing* to protect it. I'm tired of developers/landlords stuffing their houses with students and not providing enough parking. I'm tired of students not making do with bikes. Seriously, if you live on the Southside, a bike or a scooter is enough to get to class.	10/1/2025 3:10 PM
180	On Lee Ave, where we own two houses, parking is already forbidden on one side of the street, so it doesn't matter how many cars are parked overnight because the road is always clear for traffic flow. We need less government interference in our neighborhoods, not more.	10/1/2025 2:58 PM
181	Landlords fighting us about it because they have too many kids in the houses	10/1/2025 2:56 PM
182	There are simply not enough places for people to park in driveways and garages	10/1/2025 2:46 PM
183	I would like for visitors to be able to stay over this includes family. Removing overnight parking would interfere with that.	10/1/2025 2:35 PM
184	My primary concern is that no matter what, the city will find a way to make living here more profitable and more complex. With every season, it gets harder to live in this town. A town we already pay thousands to go to school in, and there's always more. If this doesn't pass, something else will come up. There's always a reason that can't just simply exist here.	10/1/2025 2:34 PM
185	I already don't have it at my house, but for parking at my friends houses, we have nowhere to go if we want to spend the night. The parking spaces at the house are barely big enough for all the residents, so for anyone to be able to visit college station and spend the night or for any college station residents to spend the night at any of these houses, we need overnight street parking. There is no reason to get rid of it.	10/1/2025 2:27 PM

192	We live here and wouldn't have places to park.	10/1/2025 1:05 PM
193	There is absolutely no need to remove overnight parking. Driveways are small enough this will affect tenants not guests!	10/1/2025 1:00 PM
194	I believe it's not going far enough to address the primary issue. I really do believe we need to look like eliminating parking 24/7 on one side, move to a permit system, and look at other issues that affect occupancy outside of parking (e.g. impervious coverage, water bill usage, etc.)	10/1/2025 12:57 PM
195	No place for guests to park	10/1/2025 12:49 PM
196	I think with this being a college town it would encourage drunk driving and that would risk more lives than keeping a car on a street overnight.	10/1/2025 12:45 PM
197	Costs and enforcement!	10/1/2025 12:41 PM
198	It inhibits me from being able to host family when they come into town as I don't have enough parking on my property for them.	10/1/2025 12:39 PM
199	When people are visiting me and spots in my area are full they park on the street. If they aren't able to do so they won't be able to come over and I will lack community	10/1/2025 12:34 PM
200	Lots of college kids live in those areas and frequently have friends/family spend the night. There isn't a lot of parking in those areas in the first place so removing overnight parking makes it really hard to figure out how to park.	10/1/2025 12:24 PM

209	Unable to stay at my sorority house over night or during late hours and being unable to stay at friends houses late or over night	10/1/2025 11:32 AM
210	East side is near sorority row where there is already limited parking. Removing night parking affects the sororities and their availability to parking, when most girls already carpool and still have tough times finding spots. Most sorority events are at night and go late so by removing the parking, the sororities will have nowhere to put their cars and they will in result get in trouble with the sorority, often through high fines, if they do not show to the event.	10/1/2025 11:30 AM
211	There are not enough spots for everyone to consistently park off the street AND This is a residential area	10/1/2025 11:29 AM
212	There's already so many limited parking spots in college station that are free. I am a struggling college student, this should be an accommodation in a college town.	10/1/2025 11:27 AM
213	More tickets and Towing when parking is already expensive everywhere else	10/1/2025 11:24 AM
214	Sororities in greek row require parking in Eastside. We have many overnight events that occur everyday semester. That's a minimum 300 girls that are required to park by greek row for Mandatory events (and that's if only 1 sorority has an event). Additionally, each house typically only has 5-10 guest parking spots. Lastly, many college students live in both Eastside and Southside and also have limited parking. It would be extremely inconvenient if you had no place to stay for a week and living with a friend but had to park 5 blocks down just so you wouldn't be towed. It's inconvenient for the guest and for the home owners.	10/1/2025 11:24 AM

219	My primary concern with removing overnight parking is an increase in drunk driving. I think it poses a safety risk to have to chose between getting home safely versus paying to retrieve a towed car.	10/1/2025 11:17 AM
220	If I have family or friends come stay at my residence for a night or two, then they will have nowhere that they can safely park.	10/1/2025 11:16 AM

225	Where are my friends going to park when they spend the night? Where are visitors to the sorority houses going to park? This is bad for everyone	10/1/2025 11:12 AM
226	Sorority row is located within the Eastgate limits and we often have guests or even members of our own chapters who need to utilize the street parking. There is already not enough parking in this area to accommodate the needs of the community and removing the overnight parking availability will negatively impact our student population as well as the neighborhood families in this area. I am the Chapter President for one of the sororities here on campus and can confirm that the parking situation has been a major concern from our end for a while. However, we need MORE parking options NOT LESS!!	10/1/2025 11:12 AM
227	A lot of sorority girls live in this area so we often will spend the night at theirs before events, you shouldn't remove the only parking options especially for people who live there and want to have guests over just because the city poorly planned infrastructure. If you are worried about a lack of parking MAKE MORE AREAS don't take them away!	10/1/2025 11:11 AM
228	A lot of college kids live in the area and have friends over and may be drinking. removing over night parking may be unsafe for those to intoxicated to drive home. Kids may attempt to drive when they shouldn't to avoid being towed.	10/1/2025 11:10 AM
229	I feel that it keeps not just the people who visit people in those areas but also us the people who live in these areas from enjoying our house to our fullest. Multiple houses are just not meant to accommodate all of the cars required for the people living there and there is no good fix for if overnight parking was removed. Not only that but visitors should be allowed to spend the night without the worry of being towed or fined.	10/1/2025 11:10 AM

236	Takes away the freedom and accessibility of citizens.	10/1/2025 11:08 AM
237	We are already limited to parking on only one side of the street. Taking overnight parking away would be a penalty for law, abiding citizens who have overnight guests of friends or families. If existing laws and ordinances are enforced, which is rarely the case in our area, driving would be safer, and city services like trash pick up and emergency services accessibility would not be hampered. No parking after midnight, only hurts residents, and promotes sending home the party attendee that drank too much to crash a car rather than have them crash on your couch. None of the parking congestion in our area exists after 10 PM. There are certainly times on the weekend and during the weekdays that violators clog the road between 8:00am and 9:00pm and there are already laws on the books for that.	10/1/2025 11:08 AM

241	Where will visitors park? Also it's a college town with visitors coming in on the weekends for football games and other events. If you get rid of overnight parking where will they park. Visitors bring in money that is spent within college station so if they decide not to come because it is too difficult then your limiting the dollars coming in for events in college station.	10/1/2025 10:49 AM

247	This is predatory to residents in the area.	10/1/2025 10:28 AM
248	There are already areas where you cannot park on the street. It is a public neighborhood and parking on the street should be allowed. We have visitors that will come over to watch a show or study at our house until midnight. Having overnight parking also lessens the risks on drunk driving because students drive to their friends house and if alcohol is involved but they can't leave their car on the street they will drive their car while under the influence. Keep the streets safer. Also there are less cars driving at night so why do we care about overnight parking?	10/1/2025 10:22 AM
249	There is nowhere else to park!	10/1/2025 10:11 AM
250	We live on Suffolk Ave. We do not have a garage. We have a driveway That supports 2 vehicles but we own 3. I approached the city once about putting in another driveway on Park Pl. and I was told I could not have 2 driveways although many neighbors do.	10/1/2025 10:09 AM
251	Where else would people park? It is not reasonable to assume people should have to pay to park their car.	10/1/2025 10:06 AM
252	Predatory towing and unable to have visitors	10/1/2025 10:05 AM
253	Removal overnight helps with my main concern, emergency vehicle access, only at night. Street parking needs to be restricted at all times and all neighborhoods.	10/1/2025 10:03 AM
254	I will have no where to park if overnight parking is removed, I do not see any benefit from the removal of overnight parking.	10/1/2025 10:00 AM
255	Limiting visitation ability. Whether an out of town friend, family, or college station friend, these severely restricts the community. If this were enacted, with no near available alternatives, people would no longer be able to visit, even if the parking restriction were only for 3 hours out of the 24.	10/1/2025 9:59 AM
256	Where do I park to visit my friends	10/1/2025 9:58 AM
257	It just doesn't make sense. Texas A&M is overpopulated with students and parking is always an issue. Broke college students should not have to risk their car getting towed for 500-600 dollars bashes of a new rule that generally doesn't make sense. Secondly, parking on streets at friends houses before a night out also alleviates drunk driving. If students start to get word of the city of college station towing cars on streets then they will be more inclined to drink and drive. I think the students of college station would appreciate if you would work with us and not make rules out of the blue. Keeping the streets clean is one thing but this is a college town. There will be some cars on streets and some parking issues but you can't just take away this freedom because you feel like it.	10/1/2025 9:56 AM
258	I am concerned that removing on-street overnight parking in the East Gate area will push people to park further east. They already park in the Cats Hollow area. Parking should be removed to highway 6.	10/1/2025 9:54 AM
259	It would be an annoyance to try and park somewhere else, especially if we are hosting visitors and they won't be allowed to park in front of my home.	10/1/2025 9:53 AM
260	It causes students have to find other places to park which can cost money or reduce parking for other businesses. Both of those areas are primarily students and the removal of overnight parking would affect many.	10/1/2025 9:53 AM
261	It would eliminate the ability for college students to spend time with their friends, which would hurt the overall culture of College Station	10/1/2025 9:48 AM

264	Overnight guests coming to visit happens frequently so street parking overnight is very helpful.	10/1/2025 9:44 AM
265	We don't have room in our driveway to park.	10/1/2025 9:44 AM
266	I would actually have no where to park every single night and would just have to get tickets.	10/1/2025 9:44 AM
267	Being towed from my house because there is not enough parking in our driveway	10/1/2025 9:43 AM
268	We park on the street overnight and have visitors staying with us that park there all the time	10/1/2025 9:43 AM
269	It's going to encourage drunk driving.	10/1/2025 9:41 AM
270	It makes parking for some of these places overnight impossible, there is no alternative. Having guest over becomes a lot less feasible, and some houses with multiple different cars won't have places to park their cars.	10/1/2025 9:38 AM
271	How did these properties end up with an overoccupancy problem? Did landlords/property owners knowingly stuff their properties too full of people, or do we have an epidemic of students living in places with no lease?	10/1/2025 9:35 AM
272	Then my visitors won't be able to visit. It's too expensive and there aren't enough to spaces for my guests to park.	10/1/2025 9:35 AM
273	Many people do not have enough space in their driveway to park in. Parking on the street is their only solution to park close to home.	10/1/2025 9:34 AM
274	It creates discrimination for people who can't park in small driveways for ada reasons.	10/1/2025 9:32 AM
275	It will prevent my significant other from sleeping over, and prevent friends from being able to easily visit	10/1/2025 9:28 AM
276	I will not have enough parking for everyone to come and go as they please, and no one will be able to stay over at all. It is nice to be one of the few places in college station people don't have to worry about being ticketed or towed.	10/1/2025 9:28 AM
277	When I have friends or family come into town they will have no where to park around my house when they are staying the night. This is concerning to me because they shouldn't have to pay to park when they are visiting their friend or daughter.	10/1/2025 9:28 AM
278	We are already VERY limited in where we can tell guests to park because of the bike lanes. If you do this, you will severely limit my household's ability to host guests at our house.	10/1/2025 9:20 AM

281	We don't have enough parking at our house so my roommate parks on the street overnight. We had many issues of cars being blocked in and we weren't able to get anywhere because no one was parked on the street.	10/1/2025 9:05 AM
282	That I won't be able to park at all	10/1/2025 9:03 AM
283	There will be hundreds of people without a place to put their car at night. This would cause so many problems and cost the college students in these parts a ton of money on parking fees and would leave them without a place to put their car. This cannot happen.	10/1/2025 9:02 AM
284	College station barely has the infrastructure to support all of the individuals already. This feels like another money grab at college students. I see no necessary reason for this whatsoever. You are a college town, support the students.	10/1/2025 9:01 AM

289	I do not want to take away overnight parking abilities.	10/1/2025 8:48 AM
290	because we can't have all of our residents fit in our driveway so would be really hard for us to park	10/1/2025 8:48 AM
291	Illegal parking will happen which makes the streets more dangerous, and people will park other places that will increase traffic in those areas at an unsafe level.	10/1/2025 8:47 AM
292	As students, me and my roommates leave the house at different times to get to class. If we all had to stack into our driveway this would make it harder to get to class on time because we would have to rearrange the cars every time we needed to leave the house. There is plenty of street parking and we only park on one side of the street so that it does not get crowded.	10/1/2025 8:43 AM
293	Where else will residents park? The streets aren't wide enough yes but neither are the driveways. Dare I say this also supports more drunk driving. On your hands	10/1/2025 8:39 AM
294	I do not have enough parking at my place of residence for all of my roommates to not park in the street. We would not have a place to park all of our cars if there wasn't overnight parking.	10/1/2025 8:37 AM
295	Freedom to have guests visit, parents visit	10/1/2025 8:35 AM
296	My friends house as well as many others has 4 bedrooms and only 2 drive way parking spots so 2 HAVE to park on the road	10/1/2025 8:35 AM
297	My guests will have no where to put their cars when they come over. Towing is bad enough all ready there's no need to make it worse.	10/1/2025 8:32 AM
298	Not enough parking for residents. We have "no parking" on one side of the street which controls crowding issues on the street. We never have issues with too many cars parked overnight on the legal side.	10/1/2025 8:32 AM
299	Uber costs and other transportation costs that take you off of campus. Many college students have to choose between food and other necessities. as we speak. If they would like to participate in leisure time to take their mind of stressors but they cannot afford ubers or other transportation methods, this can potentially impact mental health negatively. Furthermore, the towing in the BCS area is already outrageous, with that punishment currently acting like a monopoly and robbing the residents; this is punishment enough to not overpark. If the infrastructure is not up-to-date nor can support vehicle parking, then that is not grounds to place a burden on residents further but a major issue that the city of College Station chooses to neglect day in and day out.	10/1/2025 8:30 AM

303	College Station is home to many college students. There is never enough parking ANYWHERE in College Station, so removing overnight parking would cause many students to not be able to go to their friends house, or even park outside of their own house. I have personally used overnight parking on the street multiple times due to there not being enough room on my driveway. I think it is foolish to do this. Plus if the person were to be towed, depending on their financial situation, they might not be able to get their car back.	10/1/2025 8:26 AM

351	Families and students in this area simply do not have enough space to accommodate all of their vehicles. These are public streets and you cannot eliminate street parking. Our home is a host to a variety of meeting and important events, we cannot afford to loose access to street parking. I believe you would be causing a greater inconvenience to these neighborhoods by banning parking than by keeping it! Can I suggest limiting parking to only one side of the street?	9/30/2025 11:40 PM
352	Overnight parking is not a problem. What to do for rental properties?	9/30/2025 11:39 PM
353	It seems like the plan is designed to reduce the density of living space close to campus. I think it would be a better plan to upgrade the infrastructure so more people can live close by and avoid the suburban sprawl that adds to traffic. If the parking were removed to make space for alternative transportation like big mixed use paths and new bus route infrastructure, that would be understandable. Recent moves by the city to expand bike paths and walkways have made neighborhoods nicer. Without a specific plan, though, it just seems anti-resident. One alternative the city might consider is to use paid permits for street parking, which could be used to fund any needed infrastructure upgrades. If necessary, proof of residence could be required for a permit, though that might cause problems for overnight guests.	9/30/2025 11:39 PM
354	It would make it even more challenging to have guests. This, paired with the fact that households will probably already start to have more cars to begin with, would only add a layer of difficulty to getting around in the bcs area outside the hours of public transit operation. 361	The students that live in the homes in the Historic district do not always have a place to park in their driveways. Some driveways can only accommodate 2 cars and this can be problematic when 4 people live in a house and need parking for all their cars.	9/30/2025 11:14 PM

373	Overnight parking on the street doesn't affect anyone. No one is driving at night.	9/30/2025 10:55 PM
374	Although there is space to fit four cars in my driveway, it is extremely inconvenient to do so. One person always parks on the street close to the curb in front of our house, and it makes exit and entry much easier. Because cars are only allowed on one side of the street already, there is no harm in cars on the street. The cars do not create any build up or traffic .	9/30/2025 10:54 PM
375	Drunk driving would be an issue increased for sure. My current driveway only fits 2 cars and we have 4 cars. Not being able to have my gf come over would be really annoying. Just overall would negatively impact life.	9/30/2025 10:53 PM
376	Some housing situations simply do not have enough parking spaces. Additionally, it is inconsiderate and inconvenient for any guests that may be visiting.	9/30/2025 10:50 PM
377	By taking this away the likelihood of drunk driving strongly increases and that the safety of families take priority over convenience. My driveway fits 2 and we have 4 people living in the house	9/30/2025 10:50 PM
378	I live in a house with 6 other girls (it's still not very affordable I may add) and there is not enough space in the driveway to all park. If they were to make it where people can't park overnight on the street, we would have no where else to park.	9/30/2025 10:49 PM
379	Makes gatherings difficult and makes people have to pay more for stupid uber	9/30/2025 10:47 PM
380	That my own car will get towed, or that friends and family will have their cars towed. Because of different morning and night schedules between my roommates and me, parking on the street is sometimes the only option. Why should my car be towed just because I have 8 ams? Why should a family members car get towed just for seeing their daughter when they can? Why should a friends car get towed just for needing a place to crash overnight?	9/30/2025 10:45 PM

384	My primary concern is that removing overnight on-street parking—especially if paired with new parking fees—would disproportionately burden residents who rely on limited street parking due to lack of driveways or garages. In many neighborhoods, on-street parking is not a luxury but a	9/30/2025 10:37 PM

necessity. Eliminating it overnight and introducing charges risks pushing out long-term residents, increasing housing insecurity, and disrupting community stability. Instead of improving the city, it risks making it less livable, less inclusive, and less functional for the people who call it home.

385	My primary concern would be that us residents could struggle to have visitors over at night due to the fear of not being able to park.	9/30/2025 10:37 PM
386	A singular overnight street parking seems severe. If a guest comes in out of town to stay with us during the week I can't accommodate their vehicle in my driveway. We can fit two vehicles and 3 if we get creative in smaller size. We have a family member that stays on occasion and drives a big F-350 and we can't park it in our driveway without one of us moving to the street. Often this guest is passing through town headed to another town but carries expensive equipment, so keeping the truck close is necessary. He's only here for overnight and at best 6-8hrs to rest, so unloading equipment to leave early is not doable. Can we consider enforcing vehicles to be removed if left parked for X amount of days rather than a single night?	9/30/2025 10:36 PM
387	It is simply too difficult shuffling multiple college students' cars in the driveway with how varying schedules are week to week. Having to block in multiple people every night creates room for the inability to get to classes, commitments, etc on time.	9/30/2025 10:36 PM

391	It limits the amount of visitation people are able to access. It would destroy community in a way.	9/30/2025 10:24 PM
392	Unfair to those with that being our only option.	9/30/2025 10:24 PM
393	I do not consider overnight street parking to be a hindrance to the neighborhood. I believe residents have the right to use their own driveway and curb space to park their vehicles in the most efficient and convenient way possible.	9/30/2025 10:23 PM
394	Older houses were not designed to accommodate 4-5 cars. This would be more feasible if we are allowed for example to add more driveways as opposed to limiting them to ~25 feet.	9/30/2025 10:22 PM
395	My friends live in that area and would have to park on the street of their own house.	9/30/2025 10:20 PM
396	Safety this could encourage drunk driving from college aged students	9/30/2025 10:12 PM
397	It limits our ability to stay where we are safe	9/30/2025 10:12 PM
398	It would make it harder to combat the issue of drinking and driving.	9/30/2025 10:09 PM
399	We barely have enough parking as of right now and the limited amount of parking we do have on southside has had several of our guests towed during the middle of the night. By removing parking back here you're likely just going to see parks, garages, businesses, etc become overflow for guest parking resulting in the same outcome that historic is in.	9/30/2025 10:09 PM
400	In our apartment complexes they offer very little guest parking as it is, parking on the side of the street is just about the only safe option without getting towed. if yall are going to take away parking, at least make the apartment complexes add more guest parking spots.	9/30/2025 10:07 PM
401	Having to walk to my house in the dark	9/30/2025 10:04 PM
402	My household has 3 cars and we can only fit 2 in the driveway so we always have a third parked in front of our lot on the street. This is very necessary for our household.	9/30/2025 10:04 PM
403	Why would we willing take residents cars off the street	9/30/2025 9:58 PM
404	Permanent resident are subjected to adverse effects created by city leaders. The growth in the city has increased significantly and permanent residents are experiencing the negative side to city leaders decisions. The new builds for student housing has exploded and the city has significantly benefited. There more neighborhoods than 2 that have current parking issues. The city leaders need to address the entire city and not just 2 neighborhoods traffic/parking issues.	9/30/2025 9:57 PM

Overnight Street Parking Feedback: Eastgate and Southside

405	Why should the city be able to just tow more cars	9/30/2025 9:54 PM
406	People need to be able to park in front of their house. The houses here in college station do not have big enough drive ways for everyone to fit.	9/30/2025 9:53 PM
407	There is not enough parking in driveways.	9/30/2025 9:52 PM
408	My driveway cannot support the amount of cars in my household and it is one hundred percent necessary that we are allowed to park on the street surrounding our house.	9/30/2025 9:51 PM
409	It is not fair to remove the freedom to park on the street. College students accommodate friends at their homes often and parking for friends should be provided. It is outrageous to regulate something that should explicitly be available to the public at all times. Parking areas are already so regulated in this area that the space we do have should be available to the public.	9/30/2025 9:50 PM
410	No room to park it's completely unnecessary	9/30/2025 9:47 PM
411	We can't have guests/visitors stay the night.	9/30/2025 9:46 PM
412	When I have a friend or family staying the night occasionally I cannot store their car on my property so they have to use the street. There is literally no solution to this here	9/30/2025 9:45 PM
413	Many current residences don't have adequate space for the number of cars needed for student and family living. Removing this would just cause more illegal parking in places other than the affected areas.	9/30/2025 9:43 PM
414	I want somewhere to park!!! I pay to live there!	9/30/2025 9:42 PM
415	I don't want to be towed from the place I live. Additionally if people have to move their cars - specifically college students - this increases the likelihood of driving under the influence. So what's more important? More money for the city or a human life?	9/30/2025 9:41 PM
416	If I have guests coming over from out of town they will have no where to park their car. My driveway has 4 spots and I have 4 roommates so I would never be able to have friends or family visit me in college station and stay the night.	9/30/2025 9:41 PM
417	Having visitors over with nowhere to park.	9/30/2025 9:39 PM
418	Family of more than 4 can't park all cars in garage/driveway	9/30/2025 9:38 PM
419	Overnight visitors and permanent residents will have nowhere to park	9/30/2025 9:37 PM
420	I would like to see more restrictions all day on street parking in Southside. The current parking congestion is unsafe	9/30/2025 9:33 PM
421	I couldn't park at my house	9/30/2025 9:32 PM
422	There is no need to remove it	9/30/2025 9:31 PM
423	I live in a house with 5 people and we do not have enough parking spots. This would logistically make our lives impossible.	9/30/2025 9:31 PM
424	There is simply not enough room in drive ways for all cars.	9/30/2025 9:28 PM
425	Not having enough room for people who actually live there to park. My driveway can only fit 2 cars. Removing overnight street parking would cause hardship for the people who live in these areas.	9/30/2025 9:28 PM
426	Mine and the majority of the houses in this area do not have suitable parking for this and as college students it's a safety concern to have people move their cars so late at night if this were to be the case	9/30/2025 9:26 PM
427	Not leaving enough space for residents of house to park in driveway.	9/30/2025 9:24 PM
428	we don't have enough spots in the driveway to fit everyone who lives in the house.	9/30/2025 9:23 PM
429	We do not have enough parking spots for all members of our household	9/30/2025 9:22 PM
430	Not even residents of their own homes can park. My driveway fits 2 cars but has 4 bedrooms!!	9/30/2025 9:22 PM
431	As a resident, I would be towed from my own home.	9/30/2025 9:21 PM

Overnight Street Parking Feedback: Eastgate and Southside

432	No parking for many peoples homes for the proper number of residence and no parking for guests	9/30/2025 9:20 PM
433	I park there	9/30/2025 9:20 PM
434	We have many guests	9/30/2025 9:20 PM
435	We would not have anywhere else to park our vehicles, and our visitors would have to park a mile away just to get to our house.	9/30/2025 9:19 PM
436	Won't have enough space for visitors or myself.	9/30/2025 9:19 PM
437	There is not enough parking in college station to remove this.	9/30/2025 9:16 PM
438	I won't have a place to park at my house	9/30/2025 9:15 PM
439	Where do you expect me to park	9/30/2025 9:15 PM
440	We would literally never be able to have guest/family be able to stay or come to our house considering its a lot of college students living here and our parents come stay with us when visiting.	9/30/2025 9:15 PM
441	Friends and family not being able to park and stay the night. It would be really unfortunate especially considering how much we pay to live in houses	9/30/2025 9:14 PM
442	Don't remove any parking- these neighborhoods are already so poorly designed when it comes to any guest parking as well as resident parking	9/30/2025 9:13 PM
443	Not enough space for all residents to park in my driveway.	9/30/2025 9:13 PM
444	I could not actually park at my house because we don't have a driveway big enough.	9/30/2025 9:10 PM
445	Too many cars to make this feasible. Car parked on the grass	9/30/2025 9:10 PM
446	Parking is a problem already everywhere in College Station. If over night parking is removed that would create so much trouble for guests staying, friends visiting, and accessible access to walk to Kyle Field on game days.	9/30/2025 9:05 PM
447	We do not have enough space on our property to park all of our vehicles and have to resort to parking on the street. This would mean we would have to pay to park at our own home.	9/30/2025 9:05 PM
448	I can't have my parents or other friends come visit me with out getting their car towed. This is an issue especially for people that come from out of town.	9/30/2025 9:04 PM
449	I can't have my family or friends come stay with me then. We only have enough parking for my roommates and I. I also know SOOO many people who don't have enough paved parking and park on the street every day this WILL ruin their living.	9/30/2025 9:03 PM
450	it does not allow residents to use their property and surrounding areas as they wish! sometimes i have to park on the street due to the driveway being full.	9/30/2025 9:01 PM
451	makes socialization harder	9/30/2025 8:59 PM
452	We live in house with 4 people but only have room for 3 cars in our parking lot. We rely on parking on the street especially overnight. Plus our visitors have to park in the street.	9/30/2025 8:59 PM
453	There will not be any space for people to park and you will eventually have to park far away and since I live here I should not have to do that	9/30/2025 8:58 PM
454	Overnight guests coming to visit happens frequently so street parking is extremely helpful.	9/30/2025 8:56 PM
455	I need parking in the street for the amount of cars we have for our household. With overnight parking being removed, all my roommates wouldn't have a spot.	9/30/2025 8:54 PM
456	I don't have anywhere to park my car besides the street.	9/30/2025 8:53 PM
457	it's unfair to the people who live there.	9/30/2025 8:53 PM
458	This is typical College Station trying to make money off of the children that are living here. College Station always makes poor decisions in their city council is full of old men and ladies that cannot make proper decisions and these people that work at the county office are simply seeking more money on their paycheck off of the students that go here. Wise up for once.	9/30/2025 8:53 PM

Overnight Street Parking Feedback: Eastgate and Southside

459	Theres not enough room in our driveway for the residents of my house to all park. We have to park on the street to even be at our own house	9/30/2025 8:50 PM
460	Not being able to have guests park	9/30/2025 8:43 PM
461	Friends/ other family members need space to park when they visit	9/30/2025 8:42 PM
462	It would promote drunk driving. If someone was drinking their options would be either to drunk drive or get towed. Someone who is drunk would likely choose the former. If this law gets passed it will fix the eyesore and mild inconvenience of street parking (a norm across the world especially outside of the US) at the cost of real peoples lives. It's borderline idiotic.	9/30/2025 8:42 PM
463	There is not enough private parking in the areas proposed to support the removal.	9/30/2025 8:41 PM
464	That is where we rely on to park. We park there as people living in our homes in the neighborhoods and dorms in these areas. Where would we park instead? Things are already a far walk.	9/30/2025 8:40 PM
465	Lots in the neighborhood are not built to accommodate the amount of people that the current housing structures are meant to house. Families who have children with multiple cars will also be impacted because pre-existing space is limited	9/30/2025 8:39 PM
466	I do not want my car to be towed	9/30/2025 8:36 PM
467	That I and the residence will have nowhere to park.	9/30/2025 8:36 PM
468	Not all houses have been built to accommodate parking for all residents. Even within "no more than 4" rules of the past, many houses have, with city approval, been renovated as to remove garages and make room for more residents. It is wrong of the city to approve housing more residents in a home, and then removing their ability to park outside of it.	9/30/2025 8:36 PM
469	I don't want my car to get towed & what to be have friends be able to spend the night.	9/30/2025 8:36 PM
470	I won't be able to park my car	9/30/2025 8:36 PM
471	There is not enough parking. Additionally, in a college town where people have others over all the time, not allowing overnight parking is simply not feasible. Finally, overnight parking indicates some level of safety, as people who may have been drinking can leave their car at a friend's without worry. Removing this will almost definitely promote drunk driving.	9/30/2025 8:35 PM
472	I won't be able to conveniently commute to and stay at my friends houses overnight.	9/30/2025 8:32 PM
473	I feel as though it ruins the sanctity of the college station and the students who live there and are simply trying to stay somewhere.	9/30/2025 8:32 PM
474	There isn't enough space to park cars on our driveway due to the slope so it would cause our cars to be removed frequently.	9/30/2025 8:32 PM
475	Students who live in the area and can't park in their driveways or have friends or siblings staying the night have no option if it was removed!	9/30/2025 8:31 PM
476	Residents can't park in the street in front of their house, that's kinda crazy.	9/30/2025 8:31 PM
477	Visitors, parents, siblings not have parking spots when visiting	9/30/2025 8:30 PM
478	Family, siblings, and friends not being able to come over. Not having parking spots. People taking residents spots.	9/30/2025 8:30 PM
479	There is not enough space on properties. This would increase the amount of drop offs/rideshares/ubers which can be dangerous, especially at night and especially for women.	9/30/2025 8:27 PM
480	I will have no where to park my car at my own home	9/30/2025 8:25 PM
481	I think the ban is unlikely to change student behavior and will just cause students to leave their cars in other areas and have friends/roommates drive them to their cars. Areas around the banned area will become overcrowded and the problem will not be solved... only transferred to a different area. Secondly this feels like a punitive punishment to retroactively hurt students because of their involvement in the state law.	9/30/2025 8:25 PM
482	I won't be able to bring my car to college. That's just not an option.	9/30/2025 8:23 PM
483	Residence will be unable to park at their residence	9/30/2025 8:22 PM

Overnight Street Parking Feedback: Eastgate and Southside

484	I don't have enough parking spaces at my house.	9/30/2025 8:21 PM
485	There is not enough space in the driveways to accommodate everyone living in this area. Taking away overnight parking is one of the most illogical proposals.	9/30/2025 8:20 PM
486	Allowing overnight parking promotes safety and permits people to park their cars for the night. I am fearful that if this is taken away there will be an increase in drunk drivers and accidents because selfish people will want to stay with their car and move it due to the removal policy.	9/30/2025 8:20 PM
487	Enforcement	9/30/2025 8:20 PM
488	Some houses don't have room in the driveways for the amount of people that live in the house.	9/30/2025 8:18 PM
489	There is not enough parking spots at my house to fit my entire household, especially if a guest (my mother) stays in the guest room of our house. My roommates and I need to be able to park at our own house without having to pay.	9/30/2025 8:18 PM
490	I do not want overnight parking removed!	9/30/2025 8:17 PM
491	If I wanted to live in an apartment with limited parking, that's what I would do. I shouldn't have to worry about my car getting towed.	9/30/2025 8:16 PM
492	My primary concern is the disproportionate disadvantage this would give to college students like myself. With the removal of "no more than four", many college students have more people and cars at their houses than parking spots on their property. Texas A&M takes in more students than on-campus housing can hold, so off-campus housing mitigates that. We are very thankful to have this option as well as free street parking when needed. The city has already taken steps to protect students with the overturning of "no more than four" and this move feels like it would blatantly contradict that.	9/30/2025 8:16 PM
493	Not enough driveway space at historic houses.	9/30/2025 8:15 PM
494	Only that you will do nothing.	9/30/2025 8:15 PM
495	We need it! We will just find more solutions!	9/30/2025 8:15 PM
496	Increased difficulty with staying overnight with friends/family	9/30/2025 8:14 PM
497	Parking is already difficult as it is and I sometimes walk alone at night to get to my destination because of the limited parking.	9/30/2025 8:13 PM
498	I don't know where me and my roommates would park our cars, we only have a driveway that fits two cars. And we have four roommates	9/30/2025 8:12 PM
499	Removing on-street overnight parking would pose unnecessary costs on already financially stressed residents and homeowners.	9/30/2025 8:12 PM
500	Not having ability to enforcement	9/30/2025 8:12 PM
501	That it won't solve the congestion problem caused by too many cars parked on our street. It will also take away some flexibility homeowners (not renters or investors) have rightfully enjoyed with street parking; though at this point it's the lesser of two evils.	9/30/2025 8:12 PM
502	My house does not have enough parking in order to accommodate all of the residents and I don't know where I would park	9/30/2025 8:11 PM
503	I would have nowhere to park and could not have any visitors over.	9/30/2025 8:11 PM
504	City vehicles unable to access streets with vehicles on both sides of the street.	9/30/2025 8:11 PM
505	There is already no parking in college station, would just make things more difficult	9/30/2025 8:10 PM
506	It can not be enforced and could be solved in many better ways.	9/30/2025 8:09 PM
507	When I have friends who come over to my house (either just for a few hours or from out of town), they would have no where to park. I would hate to lose my ability to see people who don't live in my neighborhood because there is no where for them to park without getting towed :(9/30/2025 8:08 PM
508	It would leave me and my roommates to not having enough space for our cars to be parked. We do not have a big enough driveway and require the street parking.	9/30/2025 8:08 PM

515	Limiting my ability to drive to and park at my friend's houses	9/30/2025 8:02 PM
516	Parking should be free. We pay taxes for the streets to be built why do we have to pay to use them.	9/30/2025 8:01 PM
517	I live nearby, and I drive through this area every day to take my kids to school. It is a crazy mess of pedestrians, bicyclists, parked cars, and traffic. I'm terrified of hitting a biker or pedestrian that I couldn't even see due to the streets lined with parked cars. Also, these parked cars could impede emergency vehicles getting to my children's schools in an emergency.	9/30/2025 8:01 PM
518	There's not enough parking at houses to accommodate everyone. Getting ticketed to park at your own house would be horrible	9/30/2025 8:00 PM
519	No concern-please so it.	9/30/2025 7:58 PM
520	If overnight parking is removed I will be furious I park in the street every night	9/30/2025 7:56 PM
521	My guests will not have places to park.	9/30/2025 7:55 PM

530	Having renters or their visiting family/friends without places to park	9/30/2025 7:50 PM

no sense to remove it when so many college students use it all the time and need it to safely park close to their desired location!

539	there is not enough parking for even all of my roommates to park in just our parking space we have to use on street parking for where we live and our boyfriends and friends are always at our house and need to park on the street!	9/30/2025 7:45 PM
540	Promote drunk driving, as well as visitors getting towed and causing problems for them and residents.	9/30/2025 7:44 PM
541	There will be nowhere to park in these neighborhoods when family members are staying in town over night. There is a wide assortment of reasons that people park in these places over night. Taking that away from citizens of college station would be detrimental.	9/30/2025 7:44 PM
542	If I have friends or family who want to stay the night then they would have no place to park	9/30/2025 7:44 PM
543	I am concerned that there will not be enough parking for the residents that live in the historic district. We are already short on spots for the residents of the house. If we have guests, then the only place they are able to park is on the street. This would greatly influence the people who actually live in the historic district.	9/30/2025 7:44 PM
544	Limited parking space.	9/30/2025 7:42 PM
545	I will not have a place to park my car	9/30/2025 7:42 PM
546	Honestly, getting rid of on-street overnight parking is such a dumb idea. Most of us in this neighborhood are students, and we don't all have driveways or garages that fit every car. Taking away street parking would just make life way harder for no reason. Where exactly are people supposed to park? This isn't some random "inconvenience" — it's a daily need. People already struggle to find spots, and if you remove overnight parking, it's going to turn into total chaos. Students will end up parking illegally, clogging other neighborhoods, or even risking tickets just because there's nowhere else to go. It feels like whoever came up with this plan doesn't actually live here or understand how students and families around Texas A&M really use these streets. Parking isn't optional — it's literally how we get to class, work, and back home. Removing it would make the neighborhood less livable and way more stressful.	9/30/2025 7:42 PM
547	I park in the historic district VERY often to visit and stay the night with my friends and my boyfriend who live there. It would become extremely difficult to go see them after this because there is absolutely no place to park my car there overnight besides in the street.	9/30/2025 7:41 PM

553	Unnecessary tickets or towing for students to have to pay for and spend a hefty expense when we need to money to spend on gas, food, and other necessities. This removal will affect students wanting to stay at TEXAS A&M because there is genuinely no benefit in taking money and causing an extreme inconvenience for students.	9/30/2025 7:40 PM
554	There are too many people who live in this area to not allow parking on the street.	9/30/2025 7:40 PM

570	Especially near sorority row and especially during recruitment we are not allowed to leave the house and they make the house girls park on the street. A lot of the time when we have events house girls have to park on the streets and it will make things really difficult during big events.	9/30/2025 7:36 PM

586	There will not be enough parking for me and my roommates. As soon as one visitor from any of my roommates comes, they will automatically need to park on the street and in turn automatically get a ticket. That is so unfair.	9/30/2025 7:22 PM

601	The concern is that we have guests come over all of the time and we need places for them to park. Also sorority row is extremely busy so there would be nowhere for people to park during chapter which causes a ton of problems.	9/30/2025 7:17 PM
602	I have to park on the street constantly and will have to walk a great distance if I can no longer park there.	9/30/2025 7:16 PM
603	There is not enough parking in general in these areas, street parking is needed. I think it will make college kids more reckless and encourage drunk driving if people cannot leave their cars overnight.	9/30/2025 7:16 PM
604	This would ruin a lot of residents and guests parking	9/30/2025 7:16 PM

608	My house does not have enough parking for the residents in the house. Our house has the same amount of residents as bedrooms, but there is not enough parking, so we often have to park on the street. 613	It's completely unnecessary and would only cause issues.	9/30/2025 7:15 PM
614	There is just no reason to remove overnight on street parking. All it will do is force more people to park in other people's spots and force residents to have to park out on the street and get a ticket or towed for parking at their own house.	9/30/2025 7:15 PM

618	I cannot park my my house where I live. So where would I have to park? How would I get home?	9/30/2025 7:14 PM
619	Anytime I have guests over, they will have nowhere to park. Additionally, there is not enough room behind my house and one person always has to park on the street. On-street overnight parking is needed for our house and many others.	9/30/2025 7:14 PM
620	My house should be allowed to have overnight guests. They need a place to park. Outrageous proposal.	9/30/2025 7:14 PM
621	My driveway only has 3 spots for my 4 roommates. We have nowhere else to park.	9/30/2025 7:13 PM
622	We have guests all of the time and BARELY enough parking spaces for our own cars. We dont encounter issues when someone parks on the street next to our house	9/30/2025 7:13 PM
623	I believe that people should be allowed to park outside their own residence. I park on the street outside my house every single night in order to better fit me and my roommates cars in our driveway.	9/30/2025 7:13 PM
624	Although we do have enough spaces for each resident of our household, they are very tight and difficult to get in and out of. Therefore, we park on the street overnight because it is difficult to get in at night.	9/30/2025 7:13 PM
625	My concern is that anytime I have a visitor stay late, or overnight they have no where to park.	9/30/2025 7:13 PM
626	Several houses with bigger vehicles cannot all park in their driveways therefore residents choose to park on street. It would be incredibly difficult if overnight parking was removed.	9/30/2025 7:13 PM
627	There are not enough parking spots for the residents at our house without being on the street	9/30/2025 7:12 PM

629	Not enough parking spaces in driveway for the amount of people in household	9/30/2025 7:12 PM
630	Many of these houses are college students or families who likely each have their own vehicle, many driveways/garages are not sizable enough to accommodate that. At my residence, one resident must park on the street at all times due to the size of the driveway.	9/30/2025 7:12 PM
631	My house needs the parking spaces on the street to accommodate, plus if we have hosing issues or roofing that needs to be fixed we would be forced to park in the street instead of our back driveway, we need street parking!!!	9/30/2025 7:11 PM
632	We would not have enough parking for all of our cars	9/30/2025 7:11 PM
633	In a college town, there are more cars per household with people all on different schedules. It would be impossible for all 5 of my roommates to coordinate parking every night to not block people in. Street parking is a necessity.	9/30/2025 7:10 PM
634	This parking removal would discriminate against students and visitors who are valuable members of the local community and support the local economy.	9/30/2025 7:10 PM
635	I need it to live here. I need it to carpool to class. I need it for my parents to see me when they visit. I need it to have friends over to study. Without overnight parking I won't have a place to park my car.	9/30/2025 7:10 PM

637	My roommates and I do not have enough room to all park in the driveway	9/30/2025 7:09 PM
638	When friends visit into town, there is no where for them to park except for on the street. Meaning they have to leave their cars there	9/30/2025 7:09 PM
639	It is a PUBLIC street. We are college students and allowed to have guests over. Our houses cannot accommodate guest parking within our built in driveways. There is no alternative for someone else to park	9/30/2025 7:08 PM
640	I see zero purpose in this. This is just a continuation of the No More Than Four agenda through a new policy. What problem is it for people parking on the street? Groups getting together in good spirit would be punished so that the neighborhood will look less cluttered. Have specific	9/30/2025 7:08 PM

parking in front of house for the residents that reside in them instead of towing people who park on the street. This is just another angle to hurt the college students in the neighborhoods. Until a valid reason is presented that shows a danger to safety and overall well-being of the neighborhood, I am strongly against this.

641	Can no one have guests spend the night at their houses?	9/30/2025 7:07 PM
642	Because parking is already an issue in college station and I don't see the harm in allowing people to park.	9/30/2025 7:07 PM
643	We do not have enough parking spots to accommodate our cars.	9/30/2025 7:06 PM
644	Where will my parents park for parents weekend when they stay with me. Or friends	9/30/2025 7:06 PM
645	We have too many cars from parking spots at my house so one of us wouldn't have anywhere to mark.	9/30/2025 7:06 PM
646	There would not be enough parking for our roommates or guests.	9/30/2025 7:06 PM
647	No where for my guests to park	9/30/2025 7:06 PM
648	Where are they gonna go??? We don't have enough room in the drive way, and why wouldn't you be allowed to park in front of your own house? It's a public space and shouldn't be policed more than it already is. Y'all are just doing the most to make it difficult for college students to live anywhere other than apartments. If people are mad, tell them to move.	9/30/2025 7:06 PM
649	My primary concern is getting in and out of my driveway due to the amount of cars and trailers making it difficult to exit and enter.	9/30/2025 7:06 PM
650	That i will have no where to park my car	9/30/2025 7:05 PM
651	There is not enough room in every parking lot	9/30/2025 7:05 PM
652	Some house holds cannot accommodate parking for the amount of tenants in the home. Making this change would personally cause at least one of the people living at my house to find another place to keep their car!	9/30/2025 7:05 PM
653	Multiple-car owners. Residential benefits would be more ideal than full removal, in regards to also residents that cannot park in their driveways or have more cars.	9/30/2025 7:05 PM
654	My house doesn't have enough parking for all of our cars!! What would we do??	9/30/2025 7:04 PM
655	This is stupid don't take away everything. Cars on the street are not affecting anything. The houses don't have enough parking spots for the number of people living in the houses so that is our only option.	9/30/2025 7:04 PM
656	This could promote drunk driving because people are going to want to move their car and not get a ticket. I think their should be more things the city should focus on rather than removing overnight parking.	9/30/2025 7:04 PM
657	Useless regulation, removes green space and yards for more concrete and parking spaces, makes life harder for everyone, either lines the pockets of local government as another tax or the greedy towing companies	9/30/2025 7:03 PM
658	Removing overnight parking constricts peoples options which may lead to some unintended consequences. In a college town with a lot of students and young adults, having students going out, drinking, going to parties, restricting where they can park may lead to drunk driving to avoid a ticket or being towed. While this one major reason, it goes further. While my roommates and I have enough space in our driveway to park everyone's car, it's awfully cramped. We constantly to have move around our cars to get ourselves where we need to go. It's more convenient to keep one car on the street. I believe we are fixed one problem for a small benefit but raising many others which are more serious like drunk driving. Restricting what people can and where they can park do creates conflict for no real benefit.	9/30/2025 7:03 PM
659	There is not enough parking for people in drivers	9/30/2025 7:03 PM
660	It's irrelevant. Anyone can park anywhere legally in any city. This is is madness.	9/30/2025 7:02 PM

673	We don't have enough room in our driveway to fit the residences' cars	9/30/2025 6:59 PM
674	Not one house in southside has enough parking spaces to accommodate all house residents. How does parking on the street affect anyone at all anyways? We pay to live in these homes, so taking away parking seems extremely outrageous and unfair. How is this even being considered? There is absolutely no upside to doing this. It will only negatively affect residents WHO PAY TO LIVE HERE!!!! If you want to take away parking, maybe require all homes to have enough parking to accommodate for each room in a household	9/30/2025 6:59 PM
675	There will be genuinely no where for visitors to park??? If multiple people live in a house they take up all of the spots in the drive way so people have to- parking on the street hurts nobody!!!	9/30/2025 6:58 PM
676	My roommates and I park there each night	9/30/2025 6:57 PM
677	Residents with multiple vehicles, and families that visit for weekends / holidays would be negatively impacted. 681	We would be limiting the ability to have guests and create a community within our home. This would be limiting family members and friends to be able to come to our home. College is about having community we can't take that away!	9/30/2025 6:56 PM
682	Family members and other guests would have to park in my literal yard just to have a spot if this is removed. I already have to deal with fighting the city on my own parking that I have no control over, so I'd appreciate it the access my guests have isn't taken away.	9/30/2025 6:56 PM
683	I have people that need to park there	9/30/2025 6:55 PM
684	Most homes in these neighborhoods are 4-5 bedrooms but are only provided 2-3 parking spaces so street parking is essential for everyday life. The removal of street parking would lead to students no longer wanting to live in these homes which would destroy a large part of the College Station community culture.	9/30/2025 6:55 PM
685	Unnecessary removal of parking when there's no demand to park.	9/30/2025 6:54 PM
686	Having space for all of the tenants to park. My street has homes and duplexes and is crowded with cars. Much of which is due to a neighbor of mine owning 10 cars (one man) that he parks in front of my house. My house only has a 1 car driveway & doesn't have a garage.	9/30/2025 6:54 PM

689	No where for us to park.	9/30/2025 6:52 PM
690	Our house does not have driveway space for all cars	9/30/2025 6:52 PM
691	Residents rely on the streets for visitors and convenience. Removing the right to park overnight in front of one's own household seems wrong.	9/30/2025 6:52 PM
692	Drunk driving and people are not able to afford to get their car from a towing company	9/30/2025 6:51 PM
693	It's not a safety issue. Don't remove it at night it's another way to target students who have friends and live in smaller houses.	9/30/2025 6:51 PM
694	We pay thousands of dollars in rent to live in these homes. Yet the homes are not accommodated with enough driveway space for any home. Every home I know in South Gate requires tenants to park on the street. This is the most ridiculous proposal. I don't understand any benefit to it.	9/30/2025 6:50 PM
695	Visitors and residents of my household will not have room to park	9/30/2025 6:50 PM
696	Quite frankly I think it's just a ridiculous proposal. In the two districts that are being discussed are primarily student leased houses which means that there are multiple vehicles per house. For my specific house, I have two roommates with enough room to part two cars. We physically have to have someone park on the road every night. The city knows this and it's honestly disrespectful to the students to attempt to force them to pay to park at their own house. We live in COLLEGE station. Quit punishing college students for living. If you were a college student yall would think this is ridiculous too. Think back to you're time.	9/30/2025 6:50 PM
697	We need to have places for guests to park.	9/30/2025 6:49 PM

699	Not being able to park at my house without being towed	9/30/2025 6:48 PM
700	Most houses have too many cars for the amount of parking space. There is no reason to enforce this, and would ruin the lives of all people living in historic. This is selfish and the ones responsible for this law should be ashamed of themselves.	9/30/2025 6:48 PM
701	There will not be near enough parking space.	9/30/2025 6:47 PM
702	I will not have a place to park my car	9/30/2025 6:46 PM
703	Everyone who lives in these homes, where are they supposed to park? Neighborhoods have residents, who have cars, which where are they supposed to park? its absolutely ridiculous	9/30/2025 6:46 PM
704	This is discrimination toward student. Don't want CS to tell any neighborhood how to park or live	9/30/2025 6:46 PM
705	It creates no harm. We have police that are in the area and I haven't heard of any break ins at all this year. It's a safe part and hasn't cause any issues. People do it on game days and it's one of the closest neighborhoods to campus, it makes zero sense to remove parking in the street when it's legal.	9/30/2025 6:46 PM
706	The people who live in these areas need places to park. This proposal needs to be combined with a permit program so if a house needs to park 2 cars on the street, they should get permits for those 2 cars.	9/30/2025 6:46 PM
707	Parking in the evening occurs from 7 pm to midnight or later when parties end. OVERnight would not help just force distance students walk to the party	9/30/2025 6:46 PM
708	There is already not enough space to park in general, so this would make it even more stressful.	9/30/2025 6:45 PM
709	We have too many cars. That is just stealing money from college students. That is not fair. Not all cars can fit in the drive ways.	9/30/2025 6:45 PM

716	That it won't be enforced.	9/30/2025 6:43 PM
717	Due to our driveway not fitting all of our vehicles, someone will always have to park in front of our house on the street.	9/30/2025 6:42 PM
718	We won't have anywhere to park.	9/30/2025 6:42 PM
719	Most houses do not have enough space in driveways to accommodate all residents. Most houses already have to block in other residents in their driveways to fit.	9/30/2025 6:42 PM
720	It makes the area more hazardous for pedestrians and cyclists	9/30/2025 6:42 PM
721	Tacky, degrading to a neighborhood. Dangerous because cars turning cannot always see pedestrians or children walking to school.	9/30/2025 6:42 PM
722	My roommates and I often park on the street as there are not enough parking spots at our residence to support all of our vehicles.	9/30/2025 6:41 PM
723	Residents in my neighborhood do not have enough parking in their driveway to adequately accommodate the tenants. The neighborhoods targeted with this issue are neighborhoods that primarily house college students. I would argue this is a discriminatory act against students. I am also afraid the money charged will go to a private company, not the city. I'm afraid the home value will go down due to no overnight parking.	9/30/2025 6:41 PM
724	Cost of ride services, not enough places to park as it is.	9/30/2025 6:40 PM
725	Not enough parking for guests, forcing drivers to move cars even if better not to	9/30/2025 6:39 PM
726	We have 4 people in our house and 1 must park on the street	9/30/2025 6:39 PM
727	I won't have space to park my car or have any guests	9/30/2025 6:38 PM
728	There is next to no parking in College Station as is. In a college town, when no parking is provided, the amount of drunk driving incidents and accidents could sky rocket decreasing the safety of drivers.	9/30/2025 6:38 PM
729	My primary concern is that if overnight parking is removed then it will force students to drive their cars at late hours of the night which increases the danger of this forced situation. This also impacts limited parking in other areas of College Station. Students are already paying for school, food, and other necessities. I believe that it would be an extreme disservice to this students that make College Station the city that it is.	9/30/2025 6:38 PM
730	We want to be free on our own street.	9/30/2025 6:38 PM
731	No where to park	9/30/2025 6:37 PM
732	This would disrupt our community as a whole. Aggies and college station natives pride themselves on having a tight knit group, putting restrictions on parking would destroy that.	9/30/2025 6:36 PM
733	There simply will not be room for all student's cars, which are a necessity.	9/30/2025 6:35 PM
734	Due to how our driveway is constructed, we wouldn't have room to fit 4 cars in it and our house is a 4 bedroom house	9/30/2025 6:35 PM
735	College students choosing to drive home intoxicated as apposed to making the safe decision to spend the night & park on the street	9/30/2025 6:35 PM
736	If I have people over one day and need to move my car somewhere alr even just stay at one of my buddy's house I can't.	9/30/2025 6:35 PM
737	I'm sick and tired of this idea to make people on the South Side pay to park on the streets overnight. Are you serious? Some of us don't even have driveways or garages. You're basically saying, "Hey, live here, and also pay us extra just to park your car like everyone else has for decades." That's insane. This is going to be a nightmare to enforce. You're gonna have	9/30/2025 6:35 PM

Overnight Street Parking Feedback: Eastgate and Southside

cops or city workers driving around writing tickets to people who didn't even do anything wrong. What about when someone is out late for work or school? Or has visitors? Or deliveries? You're just gonna make life harder for everyone and waste money doing it. Also, let's talk about money. Most of us already pay enough in rent, bills, and taxes. Now you wanna hit us with more fees just for parking? That's not fair. And honestly, it's probably gonna cost more to run the program than you'll even make from it. Brilliant planning there. And safety? Have you thought about that? People will start parking blocks away to avoid paying, walking home at night in dark streets. That's dangerous. And what if emergency vehicles can't figure out who's supposed to be where because of all these stupid rules? This is also gonna ruin neighborhoods. People already share the streets and get along. You introduce this, and suddenly neighbors are fighting over spots or complaining about tickets. The whole community suffers. Bottom line: this plan is dumb, unfair, unsafe, and unnecessary. Don't do it. Leave the street parking alone. If you go through with this, you're just showing you don't care about the people actually living here and only about the money in your pockets

738	No one would have anywhere to park	9/30/2025 6:34 PM
739	It's not fair. Not all of us have large houses. I can't find my family and friends if yall do this. Why could yall do this to us.	9/30/2025 6:34 PM
740	I park on the street every night. This would be a major inconvenience not only to me, but those I love with as well.	9/30/2025 6:34 PM
741	Removing vehicles that are parked legally is wrong and this proposal hurts citizens and students. There are many houses that may not have the parking space for the amount of vehicle owners in the house so legal street parking is the only option. If this is removed, where would paying homeowners or the paying tenants of a home park their cars?	9/30/2025 6:34 PM
742	Guests and I won't have anywhere to park	9/30/2025 6:33 PM
743	I won't be able to park my car	9/30/2025 6:33 PM
744	A lot of people rely on it	9/30/2025 6:32 PM
745	People who live in households that have to park on the street or those who have company that have to park on the street.	9/30/2025 6:32 PM
746	Safety for driving at night. Limited parking for residents and guests. Overcrowding of parking in other areas. There should be no reason to add yet another paid parking spot. Some houses can't fit every resident's car in the driveway.	9/30/2025 6:32 PM
747	I live in a three bedroom house with two other people. My driveway has space for two cars. One of us literally has to park on the street every night. It makes zero sense to have to pay to park at my own home.	9/30/2025 6:32 PM
748	Costs to poor college kids and damaging the reputation of a well loved neighborhood for Texas A&M students. This destroys the community that has been made and the opportunity to bring people into the neighborhood to visit and experience.	9/30/2025 6:32 PM
749	Houses already don't have enough parking to accommodate the amount of people that live in my house, if this goes through hundreds if not thousands of people will be forced out and unable to park at their own home.	9/30/2025 6:32 PM
750	Most houses in southgate and eastside have more than 2-3 bedrooms and include leases for more than 3 people but do not have proper accommodation for parking for that many people, it is necessary for some to park overnight on the street. Banning this overnight parking effectively kicks these people out of their houses.	9/30/2025 6:32 PM
751	We barely have any parking, and have visitors come all the time. This is stupid	9/30/2025 6:31 PM
752	Not being able to park at my home	9/30/2025 6:31 PM
753	I park there primarily every day as a resident.	9/30/2025 6:31 PM
754	Very limited space for parking in driveways, removing overnight parking would affect hundreds if not thousands of students	9/30/2025 6:31 PM
755	Getting freaking ticketed if I need to park overnight on the street.	9/30/2025 6:31 PM
756	Not having enough places to park every night	9/30/2025 6:31 PM

Overnight Street Parking Feedback: Eastgate and Southside

757	That if won't be done.	9/30/2025 6:31 PM
758	Residents cars being towed, drunk driving	9/30/2025 6:31 PM
759	This would be extremely detrimental to the residents of College Station as a whole, as Southside especially is a hub for visitors to College Station. The number of cars already exceeds the number of spots available on improved land, and this will cause an even greater parking crisis, causing the overflow cars to be dumped in nearby neighborhoods and moving the "problem" to them.	9/30/2025 6:31 PM
760	You do are not only affecting college students like you hope to. When a family in one of these areas has friends staying for a game, family members staying over on Thanksgiving, or holidays, they will be fined or towed when they park on the street overnight. With this, you will cause more than college students to be fighting you further. We already saw what can happen when we rally behind something. Imagine a group of friends were getting together to indulge in alcohol at a residence in one of these neighborhoods. At this residence, there's only a few parking spots in the driveway that are already occupied. The friend that comes over, with the intention to stay the night after drinking, faces the choice to risk his vehicle being towed, ticketed, or booted. This is a decision to either drive home intoxicated, risking citizens lives, or to pay an absurd amount of money to the city. Think about that.	9/30/2025 6:31 PM
761	Enough parking for residents of my household	9/30/2025 6:30 PM
762	Nowhere to park	9/30/2025 6:30 PM
763	We can't fit all of our cars in the driveway.	9/30/2025 6:30 PM
764	Public Streets, and homes should have enough parking to accommodate all residents within historic district	9/30/2025 6:30 PM
765	Guests, illness, incapacitated vehicle,	9/30/2025 6:30 PM
766	We have 3 people in our household and only 2 parking spots for cars. Removing overnight street parking would force us to park far away from our house. It also removes the option for any visitors or family staying in town and need to park overnight. On our strettt, hardwood ln, the only cars that I have noticed that stay overnight are our neighbors who live at each of the residences.	9/30/2025 6:30 PM
767	My concern is really that the current parking regulations are not enforced.	9/30/2025 6:30 PM
768	I won't be able to park at my house	9/30/2025 6:29 PM
769	I use the road to park every single day. Why should I have to pay for parking every night?	9/30/2025 6:29 PM
770	I have never seen a residential single family housing neighborhood have laws about no overnight parking on the street. There has been no issue with overnight street parking in the neighborhood, so why should we remove it? I have yet to hear a reasonable rationale behind this decision. I am truly perplexed by this proposal.	9/30/2025 6:29 PM
771	Drunk driving instead of spending the night or calling ride share.	9/30/2025 6:29 PM
772	Limiting parking on the street in those areas will make the streets right outside that area even more congested. I will still need to park in those neighborhoods so I will just begin to find parking on other streets where it is legal	9/30/2025 6:29 PM
773	My current house's lease has four tenants, but it was built so long ago that there is only space for two cars in the driveway. If overnight parking is removed, multiple of my roommates, or even myself, will spend money that we don't have to stay in our house.	9/30/2025 6:29 PM
774	My primary concern with removing overnight parking is visitors - my family frequently comes into town, and if the overnight parking around me gets removed, then they'll have to park in a completely different part of town and leave their car unattended for potentially several nights at a time.	9/30/2025 6:29 PM
775	We will not have enough parking	9/30/2025 6:28 PM
776	There are simply too many cars that I do not know where they would park. There are plenty of houses that are able to accommodate cars in the driveway for the number of people that live there and have guests over frequently	9/30/2025 6:28 PM
777	Having to pay for parking every night. Our driveway is only big enough for 2-3 cars. I can't pay	9/30/2025 6:28 PM

Overnight Street Parking Feedback: Eastgate and Southside

	each night to park on the street	
778	There are people that do not have driveways and need places to park outside of their house. Having to pay for parking outside of your own house is ridiculous.	9/30/2025 6:28 PM
779	More neighbors hoods	9/30/2025 6:28 PM
780	Enforcement. How will it be enforced if parking violations are still not being adequately enforced.	9/30/2025 6:28 PM
781	Dangerous because students can't leave cars at our house if drinking	9/30/2025 6:27 PM
782	Because there's not enough parking in our driveways, we need to park on the street.	9/30/2025 6:27 PM
783	The negative impacts on community: visitors will be essentially prohibited overnight. Additionally, it will impact families: if there aren't enough spaces for 4 people, how will a family of four be able to have four vehicles? Not possible.	9/30/2025 6:27 PM
784	Whether you are renting or owning a residence in these neighborhoods, the number of cars most of the time exceeds the number of spaces available. There is absolutely no reason for owners or renters to have the option to park at their residence removed just because it inconveniences someone's route. The parking is already extremely limited in these areas and this proposal feels like retribution against students in particular, as it is widely known for these two areas to be heavily populated by the student body. This would only create a parking crisis within the city of college station and lead to more frustration and anger compared to what already exists.	9/30/2025 6:27 PM
785	It hurts residents, hurts students, hurts affordability of housing, hurts neighborhood culture, is costly to enforce, and is a lazy solution to a problem that is affecting residents in very minute ways, if at all.	9/30/2025 6:27 PM
786	We would have nowhere to park	9/30/2025 6:26 PM
787	Many driveways cannot accommodate the number of roommates	9/30/2025 6:26 PM
788	It would make it impossible to have guests stay the night or the weekend without penalty.	9/30/2025 6:26 PM
789	Where would people park? Some of these houses weren't made with a driveway and it's unfair to ask one to be built	9/30/2025 6:26 PM
790	People would never be able to go or visit anyone. There is not enough parking at my house for all my roommates and so therefore would not be able to have a car.	9/30/2025 6:26 PM
791	Between my roommate and I, there is not enough room for both of our vehicles to park in the driveway.	9/30/2025 6:26 PM
792	Loosing parking spaces for the people in my household, our drive way does not accommodate the cars we have for our household members.	9/30/2025 6:26 PM
793	We often have visitors and family over. This would eliminate the opportunity for them to park near our house	9/30/2025 6:26 PM

797	This is some bull crap	9/30/2025 6:25 PM
798	Sometimes I have friends staying at my house and they park on the street.	9/30/2025 6:25 PM
799	I am in a sorority at Texas A&M, and many times I will park at my friends houses overnight to keep my car safe and also have a place to be with my friends	9/30/2025 6:25 PM
800	Where will I park for Chapter at my sorority if there is limited parking when there is already an issue with finding spots within .5 miles of the sorority house.	9/30/2025 6:25 PM
801	There are not enough spaces to accommodate the college students as is, without street parking we will be unable to support the number of household members required by rent prices.	9/30/2025 6:25 PM

Overnight Street Parking Feedback: Eastgate and Southside

802	People, including myself, don't have enough space in their house and driveway to support the cars of all of the residents. I have no idea what we would do with our cars if we could not park them outside of our home.	9/30/2025 6:25 PM
803	Particularly big trucks make it difficult to navigate the roads. It becomes a one way very quickly and it's hard to get places if people don't compromise.	9/30/2025 6:25 PM
804	It's a public road, not a highway, nothing special. Just a neighborhood road. You all are ridiculous and know your true intentions.	9/30/2025 6:25 PM
805	The detriments heavily outweigh the benefits. Parking is already limited and houses cannot accommodate even the number of cars of residents in one driveway, not to mention overnight guests. I will be living in these areas the duration of my college years and it is not sustainable to park 4+ cars in one driveway when everyone wants to come and leave at different times. Overnight visitors also support the city's income.	9/30/2025 6:25 PM
806	N/A	9/30/2025 6:24 PM
807	It creates issues for residents with already limited parking. When they have visitors or guests it is nearly impossible for them to find parking elsewhere especially without the risk of being towed.	9/30/2025 6:24 PM
808	Parking is already terrible in the town and towing is rampant so it cannot be made worse.	9/30/2025 6:24 PM
809	My primary concern is the logistics of finding a home that is affordable, close to campus, allows me to park, and will be safe for me to park at night.	9/30/2025 6:24 PM
810	My primary concerns with this proposal include the impact of this limited parking on other areas of College Station, general frustration from residents being forced to find other parking accommodations or pay to park on their own street, and a likely increase in construction that would be more limiting of street space than current parking. Additionally, the high number of college students being forced to move their cars late at night or suffer fines simply doesn't sound like a good idea.	9/30/2025 6:24 PM
811	Ample parking for residents and their visitors	9/30/2025 6:23 PM
812	It limits guests spending the night who might not be able to drive home	9/30/2025 6:23 PM
813	None	9/30/2025 6:23 PM

815	Restricts parking when 4 cars have can't fit all on one driveway.	9/30/2025 6:23 PM
816	I live with 3 other guys in my house in southside Historic. There are genuinely not enough spots in our driveway to support the accommodations we need to park at home. I can speak for the rest of the neighborhood as well because we have college neighbors that are in the same situation.	9/30/2025 6:23 PM
817	It wasn't a problem before so why bother and it limits having friends and family over	9/30/2025 6:23 PM
818	A&M is a family college, and I have a big family. With four roommates and not enough room for even us, any extra car would no longer be allowed. Additionally, removing overnight parking would treat the symptom not the cause.	9/30/2025 6:23 PM
819	Emergency concerns happen every day and every hour of the week so making exceptions seems to defeat the purpose	9/30/2025 6:23 PM
820	We don't have enough spots for all our roommates to park in the driveway. I have any issue if visitors park on the side of the road.	9/30/2025 6:23 PM
821	We have vehicles blocking our mail box, trash pickup and general safety.	9/30/2025 6:23 PM
822	Primary concern is that if the household has 4 residents and only three paved parking spaces then where is the fourth person supposed to park? As well as visitors. Another concern is that it isn't realistic to have two parking spaces for a full household. Another concern is drunk driving rates, it's a college town	9/30/2025 6:23 PM
823	My primary concerns are the following: how does this solve drunk driving problem? Say I live in a 4 bedroom house, but only have 3 spots, but I am paying rent legally, where do I go? How is that fair? I also think it's unrealistic because it's a college town, what do people expect? Yes	9/30/2025 6:23 PM

Overnight Street Parking Feedback: Eastgate and Southside

there will be traffic, yes there will be cars, Southside is considered a college living area, so there is bond to be more people there.

824	My roomates and I will be completely unable to host guests that want to drive to our house.	9/30/2025 6:22 PM
825	Not enough room for people to park safely and would cause more people to drive at worse times of night because they are worried about getting a ticket.	9/30/2025 6:22 PM
826	There will be no where to park as there is not enough room	9/30/2025 6:22 PM
827	It is extremely unnecessary	9/30/2025 6:22 PM
828	Limiting the number of students who can live in a house by restricting the number of cars they can have in the street since a lot of homes don't have enough room for all their cars. Also if the concern is emergency vehicles being blocked from the roads, limiting parking for 3-4 hours at night probably won't help.	9/30/2025 6:22 PM
829	The main concern with this issue is that many students living in these areas do not have room in their driveways so therefore have to park on the streets. Additionally, many students frequently host family members who park on the street.	9/30/2025 6:22 PM
830	- Causes students to pay more money through receiving tickets and tow fees. - Limits visitors from sharing quality time with individuals living in those areas.	9/30/2025 6:22 PM
831	I would have no where to park if this proposal is taken into effect, my drive way fits 2 cars, so one car has to stay parked outside all the time	9/30/2025 6:22 PM
832	Illegal parking occurring anyways causing more potential hazards	9/30/2025 6:22 PM
833	Increased drunk driving by desperate college students	9/30/2025 6:21 PM
834	The houses in the Southside area do not have big enough driveways and parking to begin with. Not many of them have garages either so street parking is so important that it is accessible and not removed	9/30/2025 6:21 PM
835	Me and my roommates will not have enough space in our driveway to park. We will never be able to have visitors stay at our home or visit overnight.	9/30/2025 6:21 PM
836	Students who live in places with not enough parking are going to be required to find new parking or not have vehicles at their own house.	9/30/2025 6:21 PM
837	It doesn't seem fair	9/30/2025 6:21 PM
838	I do not understand why we are interfering with people's parking. Why do we want to reduce overnight visitors, that is not the city's concern or right in my opinion.	9/30/2025 6:21 PM
839	My primary concern is how all of the residents of my house will be able to park safely without having to walk or be dropped off somewhere if there are overnight restrictions.	9/30/2025 6:21 PM
840	CSPD will take full advantage of ticketing and code enforcement. Leading to unnecessary ticketing and abuse of power.	9/30/2025 6:21 PM

844	Limiting freedoms! Why? Selfish	9/30/2025 6:20 PM
845	I think that taking away street parking will hurt the students who live in these areas. Most households do not have enough spots in the driveway for residents to park, therefore street parking is necessary.	9/30/2025 6:20 PM
846	Students with places not able to park at the house, how will they park if we can not park on the road?	9/30/2025 6:20 PM

849	Violation of rights	9/30/2025 6:19 PM
850	Drunk driving. Requiring people to move their vehicles increases safety risks for those who have been drinking. The priority should be safety, not parking.	9/30/2025 6:19 PM
851	It is not about safety, it is about making a profit on residents, especially college students	9/30/2025 6:19 PM
852	I believe that it inhibits student housing affordability.	9/30/2025 6:19 PM
853	Would have wished it didn't have to come to this	9/30/2025 6:16 PM
854	The ability and willingness of the city to enforce any adopted restrictions.	9/30/2025 6:09 PM
855	I know so many people who simply have to park on the street due to the amount of cars per household. If they are paying for their house, they should at the very least be allowed to park on the street right in front of their own house. Additionally, when I have friends and family come to visit I don't want them to get a ticket.	9/30/2025 5:39 PM
856	It would require my roommates and I to park in lots far away and pay for parking. It doesn't make sense, especially if we have visitors or other family members.	9/30/2025 5:39 PM
857	Too many vehicles for my property	9/30/2025 5:36 PM
858	Removing overnight parking in would inconvenience residents who rely on street parking, especially students, renters, and lower-income households with limited parking options. It could also make hosting guests harder and shift parking problems to other streets or areas where you can street park. On street parking often slows traffic and supports neighborhood character, so its removal may worsen safety and aesthetics. The policy could also create new costs associated with enforcement. Like what are y'all gonna do patrol and tow people. Sounds like the city burning our money. It feels like y'all aren't really trying to solve the issue but inconvenience the student population who y'all appear to dislike. Overall, many see it as punishing residents more than addressing the root issues. I urge the city to not do this.	9/30/2025 5:31 PM

893	Currently the city ordinance NO. 2015-3689 "overlay" is highly restrictive to 41% covered in concrete, including residence minimum of one story and setbacks of 25ft ARE too restrictive. For Example the rest of the city has a 55% impervious coverage standard. This restricts the homeowner to add improved surface parking if the on street parking is prohibited. THIS MUST BE ADDRESSED, IF YOU REMOVE ON STREET PARKING THAN THIS ORDINANCE NEEDS TO BE REMOVED...IF ON STREET PARKING IS PROHIBITED THAN THE HOMEOWNER SHOULD BE ABLE TO POUR CONCRETE TO INCREASE OFF STREET PARKING....with little resistance by the city.	9/30/2025 3:45 PM

903	We do not have enough parking on our lots. I live on Boswell St. All the houses on Boswell St are small with one car garages. I have twin teenage boys. There is not enough driveway space for everyone to park. Boswell St is also a one-way street and directly across from South Knoll Elementary so there are only houses on one side. We do not have a traffic issue. Additionally,	9/30/2025 12:16 PM

Overnight Street Parking Feedback: Eastgate and Southside

with the setback requirements (front and back) of our lots, the easement in the rear of everyone's property and everyone having a small home, we do not have any issue with more than four unrelated people living on our street. The largest home is 1424 square feet and the median size is 1312 square feet. With only 8 houses on our street, we know who our neighbors are. There are some students but even the majority of those who rent are families. With Boswell St, there is no issue with traffic or too many people living in one house. An overnight parking ban would only punish families.

904	Requiring individuals to move their cars late at night encourages drunk driving. Individuals who are impaired late at night will be encouraged to drive their cars in order to avoid fines and or towing.	9/30/2025 12:02 PM

907	I personally do not have concerns about the removal of on-street overnight parking.	9/30/2025 11:36 AM
908	I believe that the removal of this parking would be very detrimental. We live in a college town that is very supportive of creating communities and forming friendships. This would be made much more difficult without infrastructure to support community, such as parking to visit houses and places around town. Additionally, parking around town is already strained. The removal of more free parking opportunities (which are incredibly limited in a town that is growing increasingly expensive) would provide greater strain on the entire community, causing problems for people trying to park and live all around town.	9/30/2025 11:22 AM
909	It will limit the ability to have guests stay or visit through certain hours	9/30/2025 11:00 AM
910	It's not a major problem. Waste of time and resources. We don't need to make life harder for college students in a college town in an area right next to the university.	9/30/2025 10:56 AM
911	You have restricted how many sq feet of off street parking we can have on our property in our area. We pay extra on our utility bills for road maintenance not to mention the exorbitant property taxes. Where will everyone be able to park?? If your concern is being able to get emergency services through why not just restrict one side of the street instead of both.	9/30/2025 10:08 AM

52	Preserve residential character. Six students and a street full of vehicles in affordable older 3-br neighborhoods will displace families and children from any neighborhood. We agreed to tear about 60% of the city's stock of these types of affordable homes down when we rezoned them to Middle Housing. We need to make the rest more resistant to displacement by rent-by-the-room investors who already own 65% of all single family housing. Our city's 35% home ownership is an embarrassment, with the state and nation sitting at around 65%.	10/3/2025 7:11 AM

162	I am not supporting it!	10/1/2025 3:20 PM
163	It diminishes housing values. Students park on the street and throw their trash in my yard, usually beer cans. Sometimes, they even park in my driveway. It has eroded my attitude about students. I now view a lot of them as self entitled brats. It makes it difficult for emergency vehicles. I think parking should be controlled during the day as well. I have seen with my own eyes people parking in Southside and walking to class. So, I support as parking license system.	10/1/2025 3:10 PM

222	Where else are visitors supposed to go? If my mom comes to town, friend visits for the weekend, etc., where do you want them to go? I know having residential roads lined with cars isn't ideal, I don't love it, but there's not an alternative that still allows for overnight visitors. I don't have enough parking to accommodate visitors.	10/1/2025 9:41 AM
223	Navigating the streets around campus has become near impossible due to the number of vehicles parked everywhere, and many are parked with no regard for anybody else.	10/1/2025 9:35 AM
224	None	10/1/2025 9:34 AM
225	No reason	10/1/2025 9:32 AM
226	Removing on-street overnight parking is a proactive step toward improving neighborhood safety, visibility, and accessibility. Clear streets enhance emergency vehicle access, reduce the risk of accidents caused by limited sightlines, and deter criminal activity by eliminating places for individuals to loiter unnoticed. It also encourages better use of driveways and garages, contributing to a cleaner, more orderly streetscape. Overall, this change promotes a safer, more secure, and more livable community for all residents.	10/1/2025 9:32 AM

247	I don't have one.	10/1/2025 8:26 AM
248	South Knoll, Oakwood, and A&M Middle are all located in the area where street parking would be lessened by not allowing cars to be parked there as permanent parking. This would HUGELY improve the safety of students who walk or ride bikes to school, as well as improve the ability of other drivers to get around these areas when there is a school pick up line forming. Currently on Glade, heading north during school pickup, there is a line of parked cars, then line of parents waiting, and THEN two lines of traffic (including buses) that are needing to actually drive on the street, with parked cars on the other side. This is super dangerous for everyone involved, and it's a bike route!	10/1/2025 8:24 AM
249	Cause why not	10/1/2025 8:22 AM
250	None.	10/1/2025 8:22 AM
251	I travel through these neighborhoods primarily by bike, and it is unsafe to travel these roads lined with vehicles on both sides of the road while still trying to maintain 2-way vehicle traffic. The CoCS could also do a lot more to make it easier for the students in these neighborhoods to get around without vehicles - more bike lanes, bike boulevards, etc., especially at places that cross major arterials.	10/1/2025 8:15 AM

415	There is already restricted parking on certain sides of the street in Historic. The people who live in this neighborhood do not have issues with cars being parked on the street. We would greatly appreciate you listening to our opinions on this matter considering we are the ones who live here. We have no where else for guests to park other than the street. It is already unsafe for students to cross major roads. This parking restriction would cause more foot traffic across major roads, thus more risky chances. Also, double parking and blocking people in driveways is not only a hazard if there is an emergency, but also extremely inconvenient for us residents.	9/30/2025 7:44 PM

419	Honestly, getting rid of on-street overnight parking is such a dumb idea. Most of us in this neighborhood are students, and we don't all have driveways or garages that fit every car. Taking away street parking would just make life way harder for no reason. Where exactly are people supposed to park? This isn't some random "inconvenience" — it's a daily need. People already struggle to find spots, and if you remove overnight parking, it's going to turn into total chaos. Students will end up parking illegally, clogging other neighborhoods, or even risking tickets just because there's nowhere else to go. It feels like whoever came up with this plan doesn't actually live here or understand how students and families around Texas A&M really use these streets. Parking isn't optional — it's literally how we get to class, work, and back home. Removing it would make the neighborhood less livable and way more stressful.	9/30/2025 7:42 PM
420	I park in the historic district VERY often to visit and stay the night with my friends and my boyfriend who live there. It would become extremely difficult to go see them after this because there is absolutely no place to park my car there overnight besides in the street.	9/30/2025 7:41 PM

676	These are areas that are near the college and the yards aren't real big and there's not enough parking in a lot of cases and they should be able to park on the street. 677	Wit the passage of 'no more than 4', S.B.1567, students are allowed to live in houses with higher occupancies. 1	DO NOT REMOVE OVERNIGHT PARKING	10/6/2025 9:24 PM
2	If homeowners were given more means to access street parking and address the issue of permitted oversized student housing, I think this would be beneficial to all community members.	10/6/2025 4:49 PM
3	This will provide little benefit to residents and cause increased logistical issues. In addition, drunk driving may increase.	10/6/2025 4:35 PM
4	I have owned and/or lived in numerous homes in various cities and have never come across a city looking to restrict the use of overnight street parking on/around the community.	10/6/2025 4:04 PM
5	This will be fought, I cannot believe the city is trying to take away property owners' rights. You should not be punished for having a friend or family member visit who needs to spend the night.	10/6/2025 3:46 PM
6	Seriously I am concerned that College Station allows.this. Has anyone ever lived anywhere else?..	10/6/2025 3:46 PM

8	A majority of residents use street parking. Removal only causes the area to be less liveable for the average resident.	10/6/2025 2:48 PM
9	Repeating again that one side of street parking works well if you feel like the street needs it. One side of street parking also allows emergency vehicle access 24/7--not just overnight. Overnight just seems silly.	10/6/2025 12:38 PM

(Pay attention to beautifying parks/our city and ADDing amenities not taking away!!) 2) there will be MORE concrete poured all over this neighborhood to accommodate households/rentals avoiding the aggressive ticketing/towing the city is known for in these neighborhoods 3) this will NOT chase off the college students—they are SO resourceful and so are their landlords!! :)	10/5/2025 9:03 PM
15	More impermeable surfaces in front yards will lead to more flooding issues.	10/5/2025 8:45 PM

18	Anything you can do to restore the integrity of our neighborhood would be welcomed. Longer periods of overnight parking beginning at 10 pm, not just 2-6, would help to discourage massive amounts of street parking as long as enforced. The driveways in College Hills Estates are more than sufficient to accommodate both residents and their guests. We never park in the street.	10/5/2025 1:35 PM

question is why is it no longer enforced. It's easily been over a year that enforcement has stopped.

20	- One side of every street should be converted to bike lanes to encourage travel to campus and allow emergency vehicles to easily travel. - Add sidewalks on both sides for pedestrians for better access even if it removes one off-street parking space. - Can residents request one handicap parking spot in front of their house?	10/5/2025 8:48 AM

23	I strongly advise College Station city government to move forward with eliminating overnight parking to make the city a nicer place to live for the permanent or long-staying, tax paying residents.	10/4/2025 3:00 PM
24	An alternative would be to enforce the street parking signs that already exist and tow vehicles that violate it daily. There is also an issue with contractors parking large trailers on the side that is already prohibited and that should be enforced as well	10/4/2025 11:43 AM
25	Leave it to one side of the street parking only	10/4/2025 10:57 AM
26	Parking regulations as proposed to eliminate overnight parking needed to be addressed when the neighborhood was platted. To address future redevelopment, look at changing the parking regulations based on number of bedrooms as the city perceives this as a problem.	10/4/2025 1:17 AM
27	The more you put apartments in college station the SES will decrease. College students want to live in houses. So let east gate and southside be a space that college students can live	10/3/2025 6:17 PM

29	After this is resolved, I do want parking on Rose Circle to be limited to the "outer" circle to allow cars to pass in both directions and emergency vehicles to enter and leave 24/7.	10/3/2025 3:45 PM
30	If the reason for the overnight parking removal is to help with pedestrian safety and better road access, I don't believe this will address those concerns since few people walk and drive during the proposed hours. If the reason is to limit college occupancy, students will still use bicycles, scooters, and motorcycles to get where they need. I think not allowing parking on one side of a street would be a better solution.	10/3/2025 3:44 PM

35	If this was an actual concern, this would be addressed during normal daytime hours when people and services were actually impacted by parking issues. It would also be addressed throughout the entire city- including in areas like Southwood Valley where cars are piled up down virtually every street.	10/3/2025 12:28 PM
36	The problem is not on street parking it is too many unrelated residents in a house. Why have single family zoning if it is not enforced.	10/3/2025 12:04 PM

39	Your survey is skewed and is going to be misrepresentative of the community opinion and voice - because whoever created the survey did not give the option for none of the above when asking about the times for parking. Everyone in our community should be able to park when and where they need to - if the infrastructure of the community cannot handle it that is because	10/3/2025 8:21 AM

the local government did not do its job in looking at the growing need to appropriately invest in the infrastructure of the neighborhoods.

40	This is a very biased and poorly worded survey designed to confuse people not actually receive feedback but to push an agenda. Each day of the week time range option should have a none of the above button. Shame on you!	10/3/2025 7:54 AM
41	There will be almost no affect on the rental market in the Southside NCO where I live. The lots are large enough that most can fit 6 or more vehicles without violation impervious coverage limits. The rental owners are overstating the effect of elimination overnight parking. And I don't have much simpathy for those who bought properties at prices honest rental owners could not pay, and have been operating them illegally for years. Six occupants is enough (now about \$6000/mo) and almost all current rental properties can fit 6 vehicles on the same lot as a Stealth Dorm.	10/3/2025 7:11 AM

53	As long as people are parked legally, I do not see the need to remove overnight parking at all.	10/2/2025 8:16 PM
54	I think you should combine some issues to make this workable. If there were permits for people who lived on the street (perhaps only for the cars that need to park in the street), those cars would have permits and all others parked there would not. Then, you could perhaps more easily identify which cars are parked on the street that should not be there. TAMU has technology that allows them to drive through parking lots and report cars with license plates that should not be on the street. Perhaps you could work an arrangement to use their vehicles for these 2 neighborhoods at night when they are not using them. Then, if all vehicles on the street had their license plates registered, you wouldn't need stickers -- just use their license plates as their "registration". That would save some money. And, perhaps you could work out a way to partner with PTTS on campus to get help with their systems since this is a high student residential area.	10/2/2025 8:12 PM
55	Do not pass this. Horrible idea that will drive many unintended consequences.	10/2/2025 7:25 PM
56	Developers should be required to have a setback for the houses to ensure there is enough driveway space to support the number of cars for each residence. Some of the newer neighborhoods can barely fit one or two cars in the driveway.	10/2/2025 7:14 PM

66	Stop trying to control the students in the area that live there. The city approved these houses, allowed them to be built and now is trying to punish the people who own and live there. You don't mind the taxes you make off these homes.	10/2/2025 3:47 PM
67	I don't live in the area, but have several properties in the area that I lease. This neighborhood never had an HOA and I think the restrictions are getting a little ridiculous.	10/2/2025 3:46 PM
68	If congestion in eastgate and southside is a concern, then make parking available on one side of the street and then make streets a one-way.	10/2/2025 3:40 PM
69	The City Council and staff need to be concerned for the integrity of the neighborhoods. Allowing the massive on-street parking that exists makes living in our neighborhoods very very difficult.	10/2/2025 3:39 PM

71	Please just follow the law and stop trying to harass property owners.	10/2/2025 3:34 PM
72	A more balanced approach would be to implement a residential parking permit system. This could effectively limit permanent on-street parking without severely inconveniencing residents —whether they are students, families, or working professionals who rely on their vehicles. Permit systems have been successfully adopted in many university towns to manage parking demand while still accommodating those who live in the area. Yes, there would be a learning curve and an enforcement cost, but that's precisely what city infrastructure and enforcement departments are designed to handle. The cost of implementation is justified when compared to the long-term disruption this overnight parking ban would cause for thousands of residents. Rather than taking a blanket, punitive approach, a permit system provides flexibility and fairness, while still addressing the city's goals of managing congestion and neighborhood parking availability.	10/2/2025 2:56 PM
73	With this amount of congestion (streets like a parking lot), the city should act in the public interest. Out of town landlords should not be allowed to continue devastating BCS family neighborhoods.	10/2/2025 2:53 PM
74	Make sure it's enforced and tickets are issued!	10/2/2025 2:16 PM
75	I would support restricting overnight parking to only those individuals legally listed as residents - so the use of residential parking permits or something. But would want to retain the ability to use street parking when we do have family visit and stay overnight - but then maybe we could park our permitted resident cars in the street and have visitors park in the driveway on those occasions.	10/2/2025 2:03 PM
76	Daytime parking on many streets is bad. I have called sanitation many times when the trash is not picked up on my block. I'm told they can't get down the street and they will try again the next day. This problem is not just nights. Depending on the day of the week there is now 6-8 students living across from me. More park in the street than in the long driveway as they don't want to jockey cars. There are also vehicles owned by a man who lives in the next block and on occasion some of his 7-10 cars are parked for days on my block. We have complained but are told they are legal if they have license plates. One was last registered in 2022. I know this is a big problem and a difficult one to solve but I hope help comes before there is some	10/2/2025 1:50 PM

emergency where help is needed and they can't get to the disaster. Many look for their convenience rather than safety for others.

77	My biggest recommendation, especially for southgate, would be to limit parking to one side of the street, like what is done in a lot of historic streets. It would help with congestion, but allows parking for people who absolutely need to.	10/2/2025 1:43 PM
78	The integrity of our neighborhoods is deteriorating! We had a ROO and lost it. High occupancy (persons/house) and cars/house are problematic!	10/2/2025 1:24 PM
79	this is a legal way to influence overoccupancy in residential neighborhoods many of these streets are too narrow for firetrucks if parked up	10/2/2025 12:53 PM
80	This is better than nothing, but the sororities and fraternities especially present a safety hazard with their parking on chapter meetings or events both days and nights.	10/2/2025 11:16 AM
81	I believe the most important criteria for success should address the concerns of the people who live there. What ever is decided, it will need to be followed up by enforcement (parking tickets and possibly towing for repeat offenders).	10/2/2025 11:13 AM
82	I'd really like to see paid parking. A&M charges for parking, and students and visitors use Southside and Eastgate to park for free. Couldn't the City use the revenue? Most places I visit charge for parking. Also think parking permits should be considered, however challenging it might be at first. Plenty of other places enforce successfully. If there is no strong enforcement from the start, anything attempted is doomed for failure.	10/2/2025 10:52 AM
83	Strong enforcement is necessary. Make the fines high.	10/2/2025 10:40 AM
84	This also is a problem in some of the older neighborhoods not in those boundaries. Would be better to make the restrictions for all neighborhoods . Although enforcement would be a problem	10/2/2025 10:39 AM
85	Those old established neighborhood streets weren't built to accommodate the high number of vehicles that are currently trying to park on the curbs.	10/2/2025 10:34 AM
86	I think the city needs to give our residents parking permits so they can park legally. In these neighborhoods, the parking space is often limited and can't accommodate the residents. For the visitors - family and friends - create a user friendly time frame where they can visit with those who live here.	10/2/2025 10:33 AM
87	This is some real audacity here. Stop being punitive and offer better solutions than punishing students who can't afford to live without roommates. Shame on y'all. Do better.	10/2/2025 7:36 AM
88	I think that it needs to be a comprehensive approach. Otherwise, it simply shift the problem down the street which will then become satellite parking areas. In addition, there needs to be more bicycle lanes on the larger streets like Francis, Walton, Glenhaven and Dominik in the Eastgate areas. The use of all types of motorized devices has increased substantially and created some significant safety issues.	10/2/2025 7:21 AM
89	We realize the council is trying to eliminate 4 or more unrelated people living in a dwelling. Consider families with children who are driving age, holidays, over night visits and family gatherings.	10/2/2025 7:06 AM
90	I believe Southside needs sidewalks to get pedestrians out of the street. I believe residents could be issued parking passes to park overnight on the street, which would allow them to park guests in their driveway	10/2/2025 6:50 AM
91	I recommend the city staff visit the streets being considered during the night hours and when there is a big event at the University, like a football game, to see the impact on neighborhoods.	10/2/2025 6:42 AM
92	If no overnight parking is passed, we need some type of permit parking for overnight. We have five cars and only four can park in the driveway. We also have guests who occasionally come for a weekend and they would need parking. If overnight parking isn't allowed I would like each household to receive 4 permanent street parking permits, or at least for the overflow of cars that don't fit in the driveway, and ability to get temporary passes for overnight guests, even if you have to buy them	10/2/2025 4:46 AM
93	Not clear what the purpose or goal of the ban is. Other than discriminating against students or student rentals.	10/1/2025 11:49 PM

Overnight Street Parking Feedback: Eastgate and Southside

94	On narrow older streets, combined with newer scooters, electric bikes, skateboards, etc. driving during daylight hours has become hazardous. During evening hours driving on these same streets is an accident waiting to happen.	10/1/2025 11:35 PM
95	We would not be able to have enough room in our driveway for all the cars so we need at least one on the street. That is why street parking should not be removed.	10/1/2025 9:51 PM
96	We have abandoned cars on Southside. It is difficult to drive down street	10/1/2025 9:44 PM
97	I honestly don't understand the benefit of only at night bc it's a hazard during the day as well. It's near impossible to go down the street when cars are parked on both sides. Instead of no overnight parking, I think parking should only be allowed on one side of the street at all times.	10/1/2025 9:13 PM
98	My roommates and I quite literally don't have the space to afford not having the street as a place to park our cars throughout the week	10/1/2025 8:53 PM
99	Not enough spaces in drive way	10/1/2025 8:13 PM
100	These are older homes with single lane driveways. That is why so many park in the streets. The other option is parking in the yard, which is worse.	10/1/2025 8:13 PM
101	This is just a way to get back at students. Yes sometimes they park in front of my house. I would rather them park there than drink and drive.	10/1/2025 7:43 PM
102	Something should be changed as to the amount of cars parked on the street during the busy times of the day and weekend to allow the residents the privilege to safely drive on our streets without fear of possible wreck.	10/1/2025 6:49 PM
103	Maybe just allow one side and not both. Permits could be ok	10/1/2025 6:48 PM

107	Do not remove it	10/1/2025 5:17 PM
108	Do not do it	10/1/2025 4:57 PM
109	we need removal	10/1/2025 4:43 PM
110	I feel this is unnecessary and unacceptable to consider removing on street overnight parking. It negatively affects our family as well as so many others.	10/1/2025 4:34 PM
111	I think a lot of people would not be able to live there if they have no where to park.	10/1/2025 4:31 PM
112	If you do this you will screw over most college students in historic	10/1/2025 4:24 PM
113	Not sure how er services as well as trash pick up can serve this area.	10/1/2025 4:13 PM
114	Please don't enforce overnight parking removal. I don't know where I would go.	10/1/2025 4:09 PM
115	Please regulate the amount of parking available on University Oaks Blvd by reducing street parking to one side only.	10/1/2025 4:07 PM
116	Overnight parking is not a big enough inconvenience for people to have it removed. Removing overnight parking would create unnecessary inconveniences for people.	10/1/2025 4:07 PM
117	You're going to encourage drunk driving by doing this.	10/1/2025 4:06 PM
118	I am strongly opposed to removing street parking	10/1/2025 3:58 PM
119	the city is trying to hurt quality of life for both residents and and visitors. I should not have to pay to park at my house. My friends visiting should not have to pay to park when they visit.	10/1/2025 3:49 PM
120	If you did remove overnight parking, where would everyone be able to park?? It seems that there would be no solution to that.	10/1/2025 3:49 PM

124	Push A&M to build dorms on *their* land, instead of always putting the onus of growth on the city.	10/1/2025 3:10 PM
125	It would help permanent residents with noise during sleeping hours	10/1/2025 3:04 PM
126	This is a terrible idea and should be dismissed. Ticket and tow people blocking driveways and fire hydrants like normal. People should be able to park on their residential streets like most everywhere else.	10/1/2025 2:58 PM
127	Regulating parking is a right of cities. Stop being scared of upsetting the students. Has anyone actually spoken to an A&M official?	10/1/2025 2:56 PM
128	This is a completely unrealistic and unpractical idea. I hope you all listen to the people that actually live here.	10/1/2025 2:46 PM
129	Students need to be able to park along the street. They need to be able to company over both friends and family. Going forward provide wider streets allowing parking on both sides. Provide sidewalks on both sides of the road. Have Blinn/Texas A&M provide enough dorms to accommodate students.	10/1/2025 2:35 PM
130	No.	10/1/2025 2:27 PM
131	If a household is in compliance with SB 1567 (e.g., 4 tenants in a 3-bedroom house), each legal resident should be eligible for a parking permit to park overnight in their neighborhood. Acknowledge current code regarding street width: 24ft wide = parking on one side 27ft wide = parking on both sides The goal is reasonable accommodation, not unlimited parking. Assign each leaseholder a parking permit that can be used for street parking near their residence.	10/1/2025 2:24 PM
132	Solutions: painting spots, trash and getting out back nicely to avoid chaos, localized mailboxes.	10/1/2025 2:01 PM
133	I think it is absurd that you would even consider towing someone's car for parking outside of the place they live. There is already a tow away zone on my street that limits the amount of room everyone has to park, and we barely have enough parking spaces for my roommates and me as it is. If you take away the ability for us to park on the street we will have to find a place away from our house to store our cars, which is not sustainable for any of us as we need them on a day to day basis to get to work	10/1/2025 1:31 PM
134	Southland St (and most of Southgate) is not significantly affected by this enough to justify car removal every night and should be left alone or permit card given to residents for their visitors cars. Eastgate is the largest issue	10/1/2025 1:15 PM
135	No.	10/1/2025 1:05 PM
136	It feels like we are trying to be kicked out of where we live with the way city council has tried to push different legislation such as this. This is my home and we should not have to pay to park outside our own house, especially when we are paying thousands of dollars a month in rent plus \$600+ to park on campus. I don't see any valid purpose in this other than trying to make more money off of students trying to get an education.	10/1/2025 1:05 PM
137	STOP MAKING LIFE SO HARD	10/1/2025 1:00 PM
138	There's going to be unhappy people either way. I really hope staff and council look at other issues effecting occupancy in our city (e.g. housing shortage, density impacts on infrastructure, permitting processes, etc.)	10/1/2025 12:57 PM
139	Need the parking as is - where would all the cars park?	10/1/2025 12:49 PM
140	Please consider the fact that these are college kids and the main reason they park overnight is due to the fact that they are intoxicated. I think overall it could propose more of a safety concern.	10/1/2025 12:45 PM
141	The City has known this for years, but they still allowed the building of the large homes (4-5) bedrooms for students. The City should have never allowed that to happen UNTIL they had a solution, but were not willing to give up new tax dollars! This is the City's (council members) decision/fault. There is not a tax/fee that they don't love to get in the coffers and the quicker	10/1/2025 12:41 PM

the better. In the meantime they are crying about the parking! We all want progress but not at our expense. Stop and think before acting. And stop blaming the students for everything. If it were not for the students College Station, and Bryan for that matter, would not have the progress that we are all experiencing. And no, I do not own in either area, but the ones that have been there, I can say that I feel for them, but the blame should be squarely on the City/Council members!!! It's an insult to us permanent residents as it is, to have to pay for parking to eat or shop at Century Square! And enforcement: non existent on running red lights, drivers on their phones and excessive speeding. This goes for residents and students alike. I see it in the pickup lines for secondary schools or driving through school zones - parents doing what they want. And let's not forget about the construction worker trucks. Council members, if you can't think through all the pros and cons of a project, get off the Council. We are tired of paying the price for your screw ups.

142	Currently in my neighborhood, people parking on the street has not impeded the flow of traffic or impacted me negatively in any way.	10/1/2025 12:39 PM
143	Please don't do this because the street parking can get congested but it allows college students to be able to have family and friends over.	10/1/2025 12:14 PM
144	I hope you understand how horrible this consideration is and the ripple effect it would have on our community and Aggie Spirit.	10/1/2025 11:52 AM
145	This decision would make it impossible for all of the residents of a home in these areas to have vehicles. That doesn't make any sense.	10/1/2025 11:39 AM
146	Many residents and parents of residents park on the streets over the night sometimes when there isn't enough driveway space especially in older homes so that would prevent residents and their guests from keeping there vehicles at their own homes	10/1/2025 11:32 AM

152	this idea is not a smart one	10/1/2025 11:17 AM
153	I think that the cons to a plan like this severely outweigh the pros and this is not ideal for many people who have friends or family that live in these neighborhoods	10/1/2025 11:17 AM
154	This proposal will benefit no one and will cause more harm than good. Ultimately, I strongly oppose the removal of overnight parking.	10/1/2025 11:15 AM

164	Rather than add new restrictions, or rules, enforce what is currently already on the books before burdening the tax paying citizens with something else.	10/1/2025 11:08 AM
165	It's unfair to the residents to not allow them the space to host overnight guests and to not be able to park there themselves.	10/1/2025 11:03 AM
166	This idea of making the streets no parking areas at night is not thinking about your tax paying citizens. We have lived over 30 years and there are several that have lived here longer than that. We own our homes and pay our taxes. This would stop us from being able to have family or friends spend the night and have a place to park. If you are wanting to make money then once again, enforce the ordinances that are already in the books. Just on our street and the street adjacent to us we have people park in the no parking side of the street, park the wrong way in the street and parking on the corner of the intersections. If this is what you want to do then make the ordinance for the whole city and see where you get. You are punishing those of us that have lived here longer than some of you have been here. This group arrived the building of these homes with multiple bedrooms and not enough parking and now you want to take street parking from your tax payers.	10/1/2025 10:45 AM
167	No	10/1/2025 10:36 AM
168	Please extend this to all neighborhoods, restricting parking at all times.	10/1/2025 10:03 AM
169	There is no positive of overnight parking removal. It makes no sense if the people, like myself, who live in these areas can't park right outside their house at night.	10/1/2025 10:00 AM
170	It should not happen.	10/1/2025 9:59 AM
171	I am concerned that removing on-street overnight parking in the East Gate area will push people to park further east. They already park in the Cats Hollow area. Parking should be removed to highway 6.	10/1/2025 9:54 AM
172	It would be a bad idea to do so because of the amount of students living in those areas.	10/1/2025 9:53 AM
173	This is not fair at all for those who do not have enough parking space.	10/1/2025 9:45 AM
174	Please do not remove overnight parking	10/1/2025 9:45 AM
175	Yes. This is ridiculous.	10/1/2025 9:44 AM
176	I'd like the city to think about poor planning that is causing roads to be full of parked guests. For example, on Vassar Ct, a duplex (4 residents maximum) was replaced with a 3-story fourplex (20 residents). The street parking is already crowded, which is fine because where else are visitors supposed to go, but now the street parking is going to magically accommodate the guests of ~16 more residents? Poor planning that leads to the exact issue you are trying to resolve. This is a college town, let people park in the street.	10/1/2025 9:41 AM
177	Nope.	10/1/2025 9:35 AM
178	Do not remove parking in either side of the neighborhood.	10/1/2025 9:35 AM
179	I support the initiative to remove overnight on-street parking as a forward-thinking measure that aligns with our city's goals for safety, efficiency, and neighborhood well-being. Overnight street parking often creates unnecessary congestion, limits visibility at intersections, and can obstruct emergency response routes. It also contributes to long-term vehicle storage on public roads, which detracts from the overall appearance and functionality of our neighborhoods. By encouraging residents to utilize off-street parking options, we can improve traffic flow, reduce the risk of collisions, and create a more welcoming environment for pedestrians and cyclists. This change is not just about parking—it's about prioritizing safety, accessibility, and the long-term livability of our community. Thank you for your leadership on this issue.	10/1/2025 9:32 AM
180	This is a evil policy	10/1/2025 9:28 AM
181	The only time people who don't live here park on the street is during game days, and even then it's during the day and I can still find places to park for visitors	10/1/2025 9:28 AM
182	This is a huge concern for everyone of my neighbors. Some of them do not have enough parking on their property to support all of the cars of the people that live there. Family members staying over night at my house should not have to worry about their cars getting towed from the streets around my house when they are here to visit.	10/1/2025 9:28 AM

Overnight Street Parking Feedback: Eastgate and Southside

183	The primary cause lack of on-site property for the number of home occupants. Landlords should be required to provide off on-site parking for the number of adult residents occupying the property.	10/1/2025 9:11 AM
184	This is not a good proposal. No visitors would have parking and a large portion of residents would lose where they park each night. This cannot happen.	10/1/2025 9:02 AM
185	I prefer hanging tags or stickers on cars owned by property occupants and owners versus outright parking prohibition. Tow the cars away that are causing genuine problems. Streets are paid for and maintained w city taxes and must remain available to all. Every mention within this discussion of "remove/prohibit parking during certain times" should be replaced with "only allow properly tagged/registered vehicle parking during certain times". People who live only a few blocks from a major public university ought to accept that people will want to park on the street in their neighborhood and this must be allowed.	10/1/2025 9:02 AM
186	Daytime parking is more of a problem as our trashcan does not get taken sometimes of there are too many cars on the street	10/1/2025 8:58 AM
187	The issue is not with overnight parking. The issue is with overall parking. Parking needs to be limited to one side of the street in these areas. At 5pm on a Monday, no emergency vehicle can access Hardwood Ln. it becomes a one way street for 8 hours while students attend their sorority meetings.	10/1/2025 8:57 AM
188	this severely hurts the community by limiting friends the ability to hang out late nights or having guests such as parents and relatives stay the night	10/1/2025 8:50 AM
189	please don't do it! it would just make it even more complicated for everyone!	10/1/2025 8:48 AM
190	We should support hospitality in our community. Residents would need overnight parking for their guests and it would be a burden if they had to pay to park right outside their house to visit a friend.	10/1/2025 8:43 AM
191	The issue is not overnight parking. The most congested the streets get is during the day and earlier evening. Removal of overnight parking would just make it a hassle for residents.	10/1/2025 8:37 AM
192	Have parking only on 1 side of the street. EASY solution that makes room for emergency vehicles and safe passage.	10/1/2025 8:35 AM
193	1. More bike lanes 2. Alternative is to remove parking 24/7 on one side of every street, say all North and West faces.	10/1/2025 8:28 AM
194	I know myself and others who take advantage of overnight parking. My parents come to visit. Where are they supposed to park their car if there is no overnight parking at my house?	10/1/2025 8:26 AM
195	Parking on Glade has always irritated me, seeing as it is a bike route. And there are other areas where allowing cars to be parked all the time is downright dangerous for vehicle traffic, as well as pedestrians and bikes, such as at the corner of Haines and Langford, where I've seen buses and pickup traffic at Southknoll get stuck with no room to maneuver past each other, and on Dexter where cars are turning north from Holleman. This strategy of limiting overnight parking, unlike giving parking permits to residents or other solutions, will actually help this problem immensely. For safety and enjoyment of living in our neighborhoods, we need fewer cars on the streets.	10/1/2025 8:24 AM
196	No	10/1/2025 8:22 AM
197	The obvious compromise solution is to allow street parking on only one side of the streets in these areas. I'd support a trial of that.	10/1/2025 8:15 AM
198	This problem affects all neighborhoods.	10/1/2025 8:10 AM
199	Its stupid.	10/1/2025 8:01 AM
200	The overnight parking and parking in general in the street in Southside has never been an issue. The streets are wide enough to have people park on the street. The only concern I would say is sometimes you cannot see around the cars on the street, I think though it makes you a better driver because you have to be more aware of your surroundings. Overall overnight street parking is not an issue and I think we should keep allowing overnight parking in the Southside and Eastside.	10/1/2025 7:57 AM

207	I have friends who drive kids to school there in the mornings and they say it's a maze to try and get through the street.	10/1/2025 6:54 AM
208	I know this is applicable to a lot of college students, but I think it is important to note that families and older individuals will be affected negatively if we remove parking. It practically prevents gatherings of Aggies on special occasions of celebration which goes against what we stand for as Aggies and as a university.	10/1/2025 6:51 AM

210	Issue parking permits	10/1/2025 6:17 AM
211	I meet with a group of friends in Eastgate each week in the evening for a fun community building cooking club. Removing night parking makes this impossible for us to meet. This is just one example. Think of how many people can no longer host their friends and families in their own homes. Frankly, I see real implications to removing night parking yet no feasible reasoning to it's benefits.	10/1/2025 1:35 AM
212	what if someone got too drunk and had to leave their car on the street and sleep at someone's house and wait and get their car the next morning when they're sober? you're gonna make them drunk drive to move their car. didn't think so. what if someone's friend died and they came to their friends house in historic to cry to and be with and ended up spending the night and they wake up and their car is gone? exactly. don't ban it. that's stupid.	10/1/2025 12:50 AM

215	I strongly disagree. I've never heard of any town making their residents pay for parking in the streets of neighborhoods. I find it to be very unfair for the amount of college students that are trying to get an education here that is already expensive. Please don't do this.	9/30/2025 11:59 PM
216	I believe overnight parking in eastgate and southside should not be removed. As long as cars are not blocking driveways or fire hydrants they should be allowed to park on the public street.	9/30/2025 11:57 PM

222	I think efforts to reduce car traffic and parking should focus on providing excellent alternatives, like bus services and expanding the rapidly improving cycling network. In the absence of viable alternatives, people will just break the rules. College Station is big enough for a light rail by now, too.	9/30/2025 11:39 PM
223	It would be counterproductive and work in opposition to the efforts that the city has made to try to expand housing possibilities; most residents need a car, and there comes a point when completely abolishing street parking limits how many people can live somewhere. Overnight Street Parking Feedback: Eastgate and Southside

someone who enjoys walking through these areas quite frequently, the street parking actually makes these sidewalk-free areas a lot safer for pedestrians and cyclists because it narrows the streets and forces drivers to slow down a lot. Even when I'm driving, it makes me happy to see so many people walking around on the road because it tells me that those people know that it's safe to walk there. Ironically enough, getting rid of (overnight) street parking would also hurt the ambiance and walkability quite a bit in these areas (not to mention the extremely likely increase in nighttime speeding if the roads have less obstacles, which probably will directly lead to at least one person dying given enough time)

I personally would rather have my driveway blocked then someone's friend or one of my friends potentially dying in a drunk, driving accident with themselves at the wheel or at the hands of someone else behind the wheel while they are driving.	9/30/2025 11:07 PM
230	This is a terrible change if it is passed in my opinion. These are huge and populated area	9/30/2025 10:59 PM
231	Many people in these areas have small driveways, requiring guests and even extra personal cars to park on the road. Removing these cars would be a hassle for everyone involved and is unnecessary for the continued use of the road since the were designed to be parked along.	9/30/2025 10:57 PM
232	It's just a money grab to increase parking ticket earnings	9/30/2025 10:55 PM
233	I do not support overnight parking removal. As a resident, I often park on the street in front of my house. Being forced to keep all four cars in the driveway would be extremely inconvenient. As a resident for 3 years now, cars on the street have never been an issue for me.	9/30/2025 10:54 PM

238	This neighborhood is almost entirely residential, with a high number of tenants who depend on on-street parking due to limited private options. Many buildings lack driveways or garages, and tenants often have no control over parking infrastructure. Removing overnight parking would disproportionately affect renters, who already face rising housing costs and limited flexibility. This proposal risks creating hardship for working families, students, and seniors who rely on overnight parking for safety and convenience. It could also lead to increased tension between neighbors competing for fewer spots, and may even discourage long-term tenancy in the area. A residential zone should prioritize livability and accessibility—not policies that make it harder for residents to stay rooted in their community.	9/30/2025 10:37 PM
239	If it were to be removed, I would hope that all households in the area would at least get some sort of permits that prove they live in the area allowing for at least some cars to park on the street	9/30/2025 10:37 PM
240	Our driveways cannot accommodate more than 2 vehicles. Families with young drivers will now be forced to find additional parking away from their property. Friends and family visiting will be forced to find somewhere else to park. No night is good. Most holidays when family visit still fall on a weekday. Mondays after work in the street. The girls park sometimes overlapping our driveway, in front of mail boxes, and so close to our trash that it's difficult for service pick up. Why don't we attempt to correct these issues before we punish the homeowners that pay property taxes. I'd like to see better enforcement or any enforcement on the parking around the sororities and side streets throughout the semester. Often driving in the street is not an option bc they walk 5+ people wide using the street as a sidewalk. Please consider the people that are living here, working here, and life long residents in this community before punishing us-again. Enforce the street rules that are in existence first.

293	Please do not remove overnight parking.	9/30/2025 8:20 PM
294	I walk every morning through my neighborhood. Last Monday morning I counted 21 cars parked in and around 3 aggie shacks. Fellow walkers (many students), bikers, and joggers have to be cautious when cars being driven in the amazingly crowded streets. This situation is totally out of control and owners of these parked vehicles either feel entitled or care less about others. Only 7 day per week restrictions will matter as any less will mean the city is not serious about neighborhood integrity.	9/30/2025 8:20 PM
295	This should not happen. We should also not have to pay in order to park on our roads.	9/30/2025 8:18 PM
296	In addition to not enough spots to park in our own driveway, the nearest parking zone is over a half mile away. Parking restrictions need to be lifted so I can park at my own house.	9/30/2025 8:18 PM
297	Half of the street is already unavailable to park on. It is so completely unnecessary to ban night parking. Do not do this.	9/30/2025 8:16 PM
298	My concern about the time frame is that most of the population is not traveling between 10 pm and 6 am. The parking times that should be considered is when residents are trying to get to work or school in the morning or from work or school to home in the afternoon/early evening. I am concerned that if I have to dial 911 during an emergency the responders will not be able to get to me in a reasonable time.	9/30/2025 8:15 PM

306	We need the spaces on the street in front of our house to be able to have any person come visit. One of our parking spots is a terrible spot and sometimes really hard to park in. When that happens we need to be able to park out front and not worry about our car being gone in the morning. Even if you are making it overnight removal that is the most inconvenient time as no one would be able to spend the night.	9/30/2025 8:06 PM
307	Most driveways in Eastgate can only fit two cars for three to four resident households. If overnight parking is removed, people will have to reconstruct their driveways or even park in their yards, which will cost taxpayers even more money, and lead to people not wanting to live in these areas anymore. I think the removal of overnight parking would be an unnecessary measure and would come at the expense of this city and its many residents.	9/30/2025 8:06 PM

321	Why? This will make parking for college students and other renters extremely difficult.	9/30/2025 7:50 PM
322	When basic services (mail delivery, waste pick up) are disrupted by parked cars, we all suffer. We already have a trash problem because students don't know how to put their trash out or even clean it up after a party. Responsible people (permanent residents and some students) want and deserve a clean and healthy environment to live in. Emergency vehicles need access and I have seen streets where there is no way an ambulance or fire truck could get through. 352	I'm sick and tired of this idea to make people on the South Side pay to park on the streets overnight. Are you serious? Some of us don't even have driveways or garages. You're basically saying, "Hey, live here, and also pay us extra just to park your car like everyone else has for decades." That's insane. This is going to be a nightmare to enforce. You're gonna have cops or city workers driving around writing tickets to people who didn't even do anything wrong. What about when someone is out late for work or school? Or has visitors? Or deliveries? You're just gonna make life harder for everyone and waste money doing it. Also, let's talk about money. Most of us already pay enough in rent, bills, and taxes. Now you wanna hit us with more fees just for parking? That's not fair. And honestly, it's probably gonna cost more to run the program than you'll even make from it. Brilliant planning there. And safety? Have you thought about that? People will start parking blocks away to avoid paying, walking home at night in dark streets. That's dangerous. And what if emergency vehicles can't figure out who's supposed to be where because of all these stupid rules? This is also gonna ruin neighborhoods. People already share the streets and get along. You introduce this, and suddenly neighbors are fighting over spots or complaining about tickets. The whole community suffers. Bottom line: this plan is dumb, unfair, unsafe, and unnecessary. Don't do it. Leave the street parking alone. If you go through with this, you're just showing you don't care about the people actually living here.	9/30/2025 7:22 PM

serious questions: Why is street parking allowed during the day, when traffic, pedestrians, and cyclists are at their highest? Why is it safe enough to allow and even charge for street parking during major events (last summer's pilot program), but not for residents overnight when traffic is minimal? This seems like a workaround to indirectly enforce occupancy restrictions — something the State of Texas has already prohibited through recent legislation. That raises both legal and ethical concerns about selective enforcement and fairness. I would also like to know who is enforcing this, whether we are funding overnight patrols with public money, and what evidence exists to support the claim that overnight parking poses any real harm to the community, but only in those two neighborhoods. Rather than punishing those who rely on street parking — especially students — I encourage the city to seek solutions that support equity, affordability, and actual public safety.

We pay to live in these homes, so taking away parking seems extremely outrageous and unfair. How is this even being considered? There is absolutely no upside to doing this. It will only negatively affect residents WHO PAY TO LIVE HERE!!!! 424	I cannot fathom what idiot decided to suggest removing overnight parking. Most households have 4 people and need more spots to park than are provided by their house	9/30/2025 6:39 PM
425	There should be absolutely no removal to ensure the safety and wellbeing of families, children and students.	9/30/2025 6:38 PM
426	I believe that this is an extremely selfish and irresponsible decision by the authorities of College Station. Money is not the sole factor of life, and it should not be the thing that impacts decisions. Students are trying to live their lives for the first time on their own. They should not be forced to live with greater risks of dangerous nighttime driving and more expensive parking in their own homes. I, as a student live in Southside and believe that the removal of overnight parking is extremely irresponsible. I deserve the ability to park outside of my own home whenever I want.	9/30/2025 6:38 PM

If my house is fully occupied according to the legal limit and we're all licensed drivers, how is it realistic to expect us to only have one or two parking spots? 4. How will this affect the drunk driving rates? 5. Are there plans to spread past the Southside and Eastgate neighborhoods after examining results? 6. Is the intent of overnight parking restrictions to manage congestion-or to control who gets to live in these neighborhoods?	9/30/2025 6:34 PM
433	Please don't remover overnight parking or I won't be able to park my car	9/30/2025 6:33 PM
434	A lot of people rely on this and it does not harm anyone very much at all	9/30/2025 6:32 PM
435	What is the purpose. All this would do is cause more trouble for already stressed college students. Our community should be here to support them not make their lives more difficult. Simply drive around the parked cars, not a big deal.	9/30/2025 6:32 PM
436	College Station exists because of the college. It is literally in the name. I cannot understand a proposal that aims to penalize the reason why the city exists.	9/30/2025 6:32 PM
437	This is dumb don't do it	9/30/2025 6:32 PM
438	Yes this is BS!!! The houses don't have enough space for people already living there. This would cause a parking crisis, expanding the current area of your supposed parking issues because your not solving problems, your creating bigger ones. To be frank, this feels like retribution towards students. This seems like another grab at tax dollars and comes across as pure greed. Safty would be a risk with all the student a moving their cars AT NIGHT to accommodate this outrageous proposition. This will impact the already limited parking in other areas, causing a parking shortage to expand much farther than your "1 mile radius". This will directly impact me in a very negative way, and this sentiment is shared with most residents around campus.	9/30/2025 6:32 PM
439	I think that the problems this ban attempts to solve is much more minimal than the vast and very problematic outcome it would have on the residents of these neighborhoods. Forcing homeowners and renters to pay for parking when there is nothing they could do to solve this problem is frankly alarming and ridiculous. 444	Maybe look into making some streets one way	9/30/2025 6:31 PM
445	This is a non existent problem that does not need a solution. The people who actually live in these areas need the extra street parking and taking it away would be a massive mistake and against the residents and students interests.	9/30/2025 6:31 PM
446	If this happens in any form, sure there will be more money for the city. You are indirectly encouraging drunk driving by making people move their cars to go back home, when they planned to stay at a friends house for the night and park on the street.	9/30/2025 6:31 PM
447	Somewhat greedy idea to make people pay to park infront of their own houses, many streets already have blocked off sections which cannot be parked in, this would cause more issues that solve	9/30/2025 6:30 PM
448	One side of the street okay, 7 days a werk	9/30/2025 6:30 PM

453	Invest in appropriate infrastructure and enforce the current parking restrictions. Work with the University to decrease parking fees on campus and increase parking availability on campus.	9/30/2025 6:29 PM
454	This law is effectively another "No More Than Four" law. After all of the hard work from our student body to overturn it, it would be terrible to see another law come to take its place.	9/30/2025 6:29 PM
455	I am aware that this proposal is in an early (and hopefully only) stage, but data has not been presented to justify banning overnight parking in these neighborhoods.	9/30/2025 6:29 PM
